IMPORTANT RENEWAL INFORMATION

QUESTION 1. MANDATORY CONVICTION AND LICENSE DISCIPLINE DISCLOSURE

You are required to disclose all convictions including convictions that have been set aside, dismissed or expunged, or where a stay of execution has been issued.

You must respond “yes” to the conviction and license discipline disclosure questions if, during the renewal period, you have:

- Had any license denied or disciplined by another licensing authority of this state, of another state, of any agency of the federal government, or other country; or,
- Been convicted of any violation of the law in this or any other state, the United States, or any territory of the United States, or other country. Omit traffic infractions under \$500 not involving alcohol, dangerous drugs, or controlled substances.

For each conviction or disciplinary action, please submit any documents listed below when submitting your renewal application:

- Documents relating to your license discipline or disciplinary actions taken against any other license by a government agency or disciplinary body.
- Certified copies of the police report, citation, and/or ticket.
- Certified copies of any and all court documents.
- Relating mitigating evidence or evidence of rehabilitation.

Upon receipt and review of this documentation, the Board will determine what, if any, action will be taken against your license.

QUESTION 2. CONTINUING MEDICAL EDUCATION REQUIREMENTS

Licensees are required to complete continuing medical education (CME) as a condition of license renewal per Title 16, California Code of Regulations section [1399.615](#), unless exempt (renewing as inactive or been granted a CME waiver). Physician assistants may demonstrate their compliance by:

- Maintaining certification with the National Commission on Certification of Physician Assistants (NCCPA).
OR
- Completing 50 hours of approved Category 1 (Preapproved) CME during the current renewal period.

If you are currently in an inactive status or have been granted a CME waiver, you are in compliance with the Board’s CME requirement and must answer “yes” to the CME question.

Pursuant to Business and Professions Code section 3524.6, physician assistants who provide primary care to a patient population of which over 25% are 65 years of age or older shall complete at least 20% of all mandatory continuing education hours by completing courses in the field of geriatric medicine, the special care needs of patients with dementia, or the care of older patients.

For additional information regarding CME requirements visit the Board’s website at

<https://pab.ca.gov/licensees/cmeregs.shtml>

QUESTIONS 3 and 4. CONTROLLED SUBSTANCE EDUCATION COURSE

Effective January 1, 2020, physician assistants who hold an active license, who are authorized through a practice agreement to furnish Schedule II controlled substance, and who are registered with the United States Drug Enforcement Administration (DEA), and who have not successfully completed a one-time controlled substance education course in compliance with Title 16, California Code of Regulations sections [1399.610](#) and [1399.612](#), shall as part of their continuing education requirements, complete a course that covers Schedule II controlled substances, and the risks of addiction associated with their use, based on the standards developed by the Board. Until the course is completed Section [3502.1\(d\)\(2\)](#) of the Code requires a patient-specific order approved by the treating supervising physician and surgeon in order to prescribe Schedule II controlled substances. Once the course is completed you are required to send a copy of the certificate of completion to the Board.

To verify submission of your controlled substance course certificate, visit <https://search.dca.ca.gov>

For additional information on the controlled substance education course, visit https://www.pab.ca.gov/licenses/csec_info.shtml

CONTINUING MEDICAL EDUCATION WAIVERS

Title 16, California Code of Regulations section 1399.618 exempts a licensee from the continuing medical education requirements (CME) for a renewal cycle, if the licensee cannot meet those requirements for reasons of health, military service, or undue hardship. A licensee may request a waiver for one (1) renewal cycle of the CME requirement. If the Board denies a licensee's application for a CME waiver, the licensee shall be ineligible to renew their license unless the licensee complies with the CME requirements of Section [1399.615](#).

To request a CME waiver, please complete and submit an Application for Continuing Medical Education Waiver form to the Board 30 days prior to the expiration date of the license. Visit https://www.pab.ca.gov/forms_pubs/cme_waiver.pdf to access the form.

INACTIVE STATUS

Title 16, California Code of Regulations section [1399.619](#) permits a licensee who is not engaged in any activity for which a license is required, to request that their license be placed in an inactive status. Inactivating a license does not change the expiration date. Licensees must renew the license by the expiration date or the license status will change to delinquent. Licensees are required to pay the renewal fee of \$300; the CURES fee of \$18 is waived.

Please complete and submit a Request for Inactive Status form to change your license status to inactive. Visit https://www.pab.ca.gov/forms_pubs/inactivestatus.pdf to access the form.
