## ADDITIONAL INFORMATION

To complete this form, for definition of terms, when, how, and who should report, please refer to Section 805 of the California Business and Professions Code. You may access this information via [https://leginfo.ca.gov/faces/codes\\_displaySection.xhtml?sectionNum=805.&lawCode=BPC](https://leginfo.ca.gov/faces/codes_displaySection.xhtml?sectionNum=805.&lawCode=BPC) under California Law, Business and Professions Code.

**PLEASE NOTE:** Section 805(k) of the California Business and Professions Code states: “A willful failure to file an 805 report by any person who is designated or otherwise required by law to file an 805 report is punishable by a fine not to exceed one hundred thousand dollars (\$100,000) per violation. The fine may be imposed in any civil or administrative action or proceeding brought by or on behalf of any agency having regulatory jurisdiction over the person regarding whom the report was or should have been filed. If the person who is designated or otherwise required to file an 805 report is a licensed physician and surgeon, the action or proceeding shall be brought by the Medical Board of California. The fine shall be paid to that agency but not expended until appropriated by the Legislature. A violation of this subdivision may constitute unprofessional conduct by the licentiate. A person who is alleged to have violated this subdivision may assert any defense available at law. As used in this subdivision, ‘willful’ means a voluntary and intentional violation of a known legal duty.”

Section 805(l) of the California Business and Professions Code states: “Except as otherwise provided in subdivision (k), any failure by the administrator of any peer review body, the chief executive officer or administrator of any health care facility, or any person who is designated or otherwise required by law to file an 805 report, shall be punishable by a fine that, under no circumstances shall exceed fifty thousand dollars (\$50,000) per violation. The fine may be imposed in any civil or administrative action or proceeding brought by or on behalf of any agency having regulatory jurisdiction over the person regarding whom the report was or should have been filed. If the person who is designated or otherwise required to file an 805 report is a licensed physician and surgeon, the action or proceeding shall be brought by the Medical Board of California. The fine shall be paid to that agency but not expended until appropriated by the Legislature. The amount of the fine imposed, not exceeding fifty thousand dollars (\$50,000) per violation, shall be proportional to the severity of the failure to report and shall differ based upon written findings, including whether the failure to file caused harm to a patient or created a risk to patient safety; whether the administrator of any peer review body, the chief executive officer or administrator of any health care facility, or any person who is designated or otherwise required by law to file an 805 report exercised due diligence despite the failure to file or whether they knew or should have known that an 805 report would not be filed; and whether there has been a prior failure to file an 805 report. The amount of the fine imposed may also differ based on whether a health care facility is a small or rural hospital as defined in Section 124840 of the Health and Safety Code.”

Section 805(m) of the California Business and Professions Code states: “A health care service plan registered under Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code or a disability insurer that negotiates and enters into a contract with licentiates to provide services at alternative rates of payment pursuant to Section 10133 of the Insurance Code, when determining participation with the plan or insurer, shall evaluate, on a case-by-case basis, licentiates who are the subject of an 805 report, and not automatically exclude or deselect these licentiates.”
