Chapter 7.7. Physician Assistants

(Title amended by Stats. 1992, Ch. 427.)

Article 1. General Provisions

§ 3500. Legislative Intent

In its concern with the growing shortage and geographic maldistribution of health care services in California, the Legislature intends to establish in this chapter a framework for another category of health manpower—the physician assistant.

The purpose of this chapter is to encourage the effective utilization of the skills of physicians and surgeons, and physicians and surgeons and podiatrists practicing in the same medical group practice, by enabling them to work with qualified physician assistants to provide quality care.

This chapter is established to encourage the coordinated care between physician assistants, physicians and surgeons, podiatrists, and other qualified health care providers practicing in the same medical group, and to provide health care services. It is also the purpose of this chapter to allow for innovative development of programs for the education, training, and utilization of physician assistants.

(Amended by Stats. 2019, Ch. 707, § 1 (SB 697), eff. January 1, 2020.)

§ 3500.5. Title

This chapter shall be known and cited as the Physician Assistant Practice Act.

(Amended by Stats. 1989, Ch. 1104, § 1.9.)

 - (B) The physician and surgeon being available by telephone or other electronic communication method at the time the PA examines the patient.
- (2) Nothing in this subdivision shall be construed as prohibiting the board from requiring the physical presence of a physician and surgeon as a term or condition of a PA’s reinstatement, probation, or imposing discipline.

That disciplinary action may not include as evidence any confidential information.

(Amended by Stats. 2012, Ch. 332, § 75 (SB 1236), eff. January 1, 2013.)

Article 7. Osteopathic Physician Assistants

§ 3535. Osteopathic Physician Assistants (operative July 1, 2001)

(a) Notwithstanding any other provision of law, physicians and surgeons licensed by the Osteopathic Medical Board of California may use or employ physician assistants provided (1) each physician assistant so used or employed is a graduate of an approved program and is licensed by the board, and (2) the scope of practice of the physician assistant is the same as that which is approved by the Division of Licensing of the Medical Board of California for physicians and surgeons supervising physician assistants in the same or similar specialty.

(b) Any person who violates subdivision (a) shall be guilty of a misdemeanor punishable by imprisonment in a county jail not exceeding six months, or by a fine not exceeding one thousand dollars (\$1,000), or by both that imprisonment and fine.

(c) This section shall become operative on July 1, 2001.

Article 7.5. International Medical Graduate Physician Assistants

§ 3537.10. Training Program

(a) Subject to the other provisions of this article, the Department of Health Care Access and Information, hereafter in this article referred to as the department, shall coordinate the establishment of an international medical graduate physician assistant training program, to be conducted at an appropriate educational institution or institutions. The goal of the program shall be to place as many international medical graduate physician assistants in medically underserved areas as possible in order to provide greater access to care for the growing population of medically indigent and underserved. The method for accomplishing this goal shall be to train foreign medical graduates to become licensed as physician assistants at no cost to the participants in return for a commitment from the participants to serve full time in underserved areas for a four-year period.

(b) By February 1, 1994, or one month after federal funds to implement this article become available, whichever occurs later, the department shall establish a training program advisory task force. The task force shall be comprised of representatives from all of the following groups:

- (1) Physician assistant program directors.
- (2) Foreign medical graduates.
- (3) The California Academy of Physician Assistants.
- (4) Nonprofit community health center directors.
- (5) Physicians.
- (6) The board, at the board's option.

The department may, instead, serve solely as a consultant to the task force.

(c) The task force shall do all of the following:

- (1) Develop a recommended curriculum for the training program that shall be from 12 to 15 months in duration and shall, at a minimum, meet curriculum standards consistent with the board's regulations. The program shall be subject to the board's approval. By April 1, 1994, or three months after federal funds to implement this article become available, whichever occurs later, the curriculum shall be presented by the department to the Committee on Allied Health Education and Accreditation of the American Medical Association, or its successor organization, for approval.
- (2) Develop recommended admission criteria for participation in the pilot and ongoing program.
- (3) Assist in development of linkages with academic institutions for the purpose of monitoring and evaluating the pilot program.

(Amended by Stats. 2022, Ch. 511, Sec. 17. (SB 1495) Effective January 1, 2023.)

§ 3537.15. Pilot Program

(a) Before establishing an ongoing international medical graduate physician assistant training program, the Department of Health Care Access and Information shall coordinate the establishment of a pilot program commencing September 1, 1994, or eight months after federal funds to implement this article become available, whichever occurs later, to test the validity and effectiveness of the recommended training curriculum developed by the task force. The task force shall, with the advice and assistance of the academic institutions offering the pilot program curriculum, and subject to their approval, select 10 international medical graduates to participate in the pilot program.

(b) After two classes have graduated from the pilot program, the task force, with the advice and assistance of the academic institutions, shall evaluate the results of the pilot program, to determine whether a permanent program should be established. The department may modify curriculum as needed and make appropriate revisions in order to ensure program integrity and compliance with established standards. Any permanent international medical graduate physician assistant training program shall commence at the beginning of the year following the completion of the evaluation.

(Amended by Stats. 2022, Ch. 511, Sec. 18. (SB 1495) Effective January 1, 2023.)

§ 3537.20. Requirements

Any person who has satisfactorily completed the program established by this article shall be eligible for licensure by the board as a “physician assistant” if the person has complied with all of the following requirements:

- (a) Has successfully completed the written examination required under Section 3517.
- (b) Has successfully completed the Test of English as a Foreign Language (TOEFL).

(Amended by Stats. 2012, Ch. 332, § 78 (SB 1236), eff. January 1, 2013.)

§ 3537.25. Minimum Term of Service; Enforceable Agreement

Both the pilot and the ongoing training program shall provide training at no cost to the participants in return for a written, enforceable agreement by the participants to, upon obtaining licensure under this article, serve a minimum of four years as a full-time physician assistant in an area of California designated by the Department of Health Care Access and Information as a medically underserved area pursuant to Section 3537.35.

(Amended by Stats. 2022, Ch. 511, Sec. 19. (SB 1495) Effective January 1, 2023.)

§ 3537.30. Default

(a) The Legislature recognizes that the goal of this program would be compromised if participants do not observe their commitments under this program to provide the required service in a medically underserved area. The goal of this program would not be met if all that it accomplished was merely to license physician assistants that served populations that are not medically underserved.

(b) Since damages would be difficult or impossible to ascertain in the event of default by the participant, this section shall set forth the extent of liquidated damages that shall be recoverable by the program in the case of default.

(c) In the case of default by a participant who has successfully completed the program and has obtained licensure under this article, the program shall collect the following damages from the participant:

- (1) The total cost expended by the program for the training of the applicant, and interest thereon from the date of default.
- (2) The total amount needed for the program to seek cover as set forth in subdivision (b) of Section 3537.35.
- (3) The costs of enforcement, including, but not limited to, the costs of collecting the liquidated damages, the costs of litigation, and attorney’s fees.

(d) The Attorney General may represent the department, or the board, or both in any litigation necessitated by this article, or, if the Attorney General declines, the department, or the board, or both may hire other counsel for this purpose.

(e) Funds collected pursuant to subdivision (c) shall be allocated as follows:

(1) Costs of training recovered pursuant to paragraph (1) of subdivision (c) shall be allocated to the department to be used upon appropriation for the continuing training program pursuant to this article.

(2) Costs of seeking cover recovered pursuant to paragraph (2) of subdivision (c) shall be deposited in the Physician Assistant Training Fund established pursuant to Section 3537.40 for the purposes of providing grants pursuant to subdivision (c) of Section 3537.35.

(3) Costs of enforcement recovered pursuant to paragraph (3) of subdivision (c) shall be allocated between the department, and the Attorney General, or other counsel, according to actual costs.

(Amended by Stats. 2022, Ch. 511, Sec. 20. (SB 1495) Effective January 1, 2023.)

§ 3537.35. The Office of Statewide Health Planning and Development

The Department of Health Care Access and Information shall, in addition to other duties described in this article, do all of the following:

(a) Determine those areas of the state that are medically underserved in that they have a higher percentage of medically underserved and indigent persons and would benefit from the services of additional persons licensed as physician assistants.

(b) Determine the total cost of seeking cover as specified in paragraph (2) of subdivision (c) of Section 3537.30. To determine the cost, the department shall study the market forces that are at work creating the scarcity of these physician assistants in these medically underserved areas, and determine the annual level of additional funding that would be required by a health facility, clinic, or other health care provider in those areas to motivate a physician assistant to serve full-time in those underserved areas. This amount shall be calculated so that when added to the prevailing rate for these services in the underserved area, would make these positions so attractive that physician assistants would be motivated to serve in those areas. This amount, which shall equal the cost to the department to place a qualified physician assistant in the underserved area, times four years shall be the total cost of seeking cover.

(c) Provide grants, as funds become available in the Physician Assistant Training Fund, to applicant health care providers that provide services in medically underserved areas for the purpose of funding additional full-time physician assistant positions in those areas to provide services in lieu of defaulting physician assistants. Participating providers shall use these grants to attract physician assistants that are from outside the area and shall demonstrate that the grant actually increases the number of physician assistants serving the underserved population. The grantee shall demonstrate that the grant did not merely shift a physician assistant from one medically underserved area to another, but rather, resulted in a net increase in the number of physician assistants serving the underserved population as a whole. Licensees under this article shall not directly or indirectly receive grants under this section.

(Amended by Stats. 2022, Ch. 511, Sec. 21. (SB 1495) Effective January 1, 2023.)

§ 3537.40. Physician Assistant Training Fund

The Physician Assistant Training Fund is hereby created in the State Treasury for the purpose of receipt of funds collected pursuant to paragraph (2) of subdivision (c) of Section 3537.30. The Physician Assistant Training Fund shall be available to the Department of Health Care Access and Information for the purpose of providing grants pursuant to subdivision (c) of Section 3537.35, upon appropriation by the Legislature.

(Amended by Stats. 2022, Ch. 511, Sec. 22. (SB 1495) Effective January 1, 2023.)

§ 3537.45. Fees

The program established pursuant to this article shall not be funded, directly or indirectly, from an increase in the fees charged to physician assistants, supervising physicians, or physician assistant training programs pursuant to Section 3521, 3521.1, or 3521.2. This article does not excuse physician assistants trained pursuant to this article or their supervising physicians from paying the fees established pursuant to Section 3521 or 3521.1.

(Added by Stats. 1993, Ch. 1042, § 3, eff. January 1, 1994.)

§ 3537.50. Federal Funding

No General Fund revenues shall be expended to carry out this article. The implementation of the pilot program and, if applicable, the permanent program established by this article shall be contingent upon the availability of federal funds, which do not divert or detract from funds currently utilized to underwrite existing physician assistant training programs or to fund existing functions of the board. The new funding shall be sufficient to cover the full additional cost to the educational institution or institutions that establish the program or programs, the cost of tuition and attendance for the students in the program or programs, and any additional costs, including enforcement costs, that the department or the board incurs as a result of implementing this article. This article does not impose any obligations upon the department, the board, or any physician assistant training program in the absence of adequate funding as described in this section. This article does not preclude applicants for the program established by this article from seeking state or federal scholarship funds, or state and federal loan repayment funds available to physician assistant students, or require any applicants be granted preference in the award of those funds. This article does not impair the autonomy of any institution that offers a physician assistant training program.

(Amended by Stats. 2022, Ch. 511, Sec. 23. (SB 1495) Effective January 1, 2023.)

(2) Revenues from fees for temporary licenses issued by the California Board of Accountancy shall be credited to the Accountancy Fund in accordance with Section 5132.

(b) The board may conduct an investigation of an applicant for purposes of denying or revoking a temporary license issued pursuant to this section. This investigation may include a criminal background check.

(c) An applicant seeking a temporary license pursuant to this section shall meet the following requirements:

(1) The applicant shall supply evidence satisfactory to the board that the applicant is married to, or in a domestic partnership or other legal union with, an active duty member of the Armed Forces of the United States who is assigned to a duty station in this state under official active duty military orders.

(2) The applicant shall hold a current, active, and unrestricted license that confers upon the applicant the authority to practice, in another state, district, or territory of the United States, the profession or vocation within the same scope for which the applicant seeks a temporary license from the board.

(3) The applicant shall submit an application to the board that shall include a signed affidavit attesting to the fact that the applicant meets all of the requirements for the temporary license, and that the information submitted in the application is accurate, to the best of the applicant’s knowledge. The application shall also include written verification from the applicant’s original licensing jurisdiction stating that the applicant’s license is in good standing in that jurisdiction.

(4) The applicant shall not have committed an act in any jurisdiction that would have constituted grounds for denial, suspension, or revocation of the license under this code at the time the act was committed. A violation of this paragraph may be grounds for the denial or revocation of a temporary license issued by the board.

(5) The applicant shall not have been disciplined by a licensing entity in another jurisdiction and shall not be the subject of an unresolved complaint, review procedure, or disciplinary proceeding conducted by a licensing entity in another jurisdiction.

(6) (A) The applicant shall, upon request by a board, furnish a full set of fingerprints for purposes of conducting a criminal background check.

(B) The board shall request a fingerprint-based criminal history information check from the Department of Justice in accordance with subdivision (u) of Section 11105 of the Penal Code and the Department of Justice shall furnish state or federal criminal history information in accordance with subdivision (p) of Section 11105 of the Penal Code.

(d) The applicant shall pass a California law and ethics examination if otherwise required by the board for the profession or vocation for which the applicant seeks licensure.

(e) Except as specified in subdivision (g), a board shall issue a temporary license pursuant to this section within 30 days of receiving documentation that the applicant has met the requirements specified in subdivisions (c) and (d) if the results of the criminal background check do not show grounds for denial.

(f) (1) A temporary license issued pursuant to this section may be immediately terminated upon a finding that the temporary licenseholder failed to meet any of the requirements described in subdivision (c) or (d) or provided substantively inaccurate information that would affect the person’s eligibility for temporary licensure. Upon

termination of the temporary license, the board shall issue a notice of termination that shall require the temporary licenseholder to immediately cease the practice of the licensed profession upon receipt.

(2) Notwithstanding any other law, if, after notice and an opportunity to be heard, a board finds that a temporary licenseholder engaged in unprofessional conduct or any other act that is a cause for discipline by the board, the board shall revoke the temporary license.

(g) An applicant seeking a temporary license as a civil engineer, geotechnical engineer, structural engineer, land surveyor, professional geologist, professional geophysicist, certified engineering geologist, or certified hydrogeologist pursuant to this section shall successfully pass the appropriate California-specific examination or examinations required for licensure in those respective professions by the Board for Professional Engineers, Land Surveyors, and Geologists. The board shall issue a temporary license pursuant to this subdivision within 30 days of receiving documentation that the applicant has met the requirements specified in this subdivision and subdivisions (c) and (d) if the results of the criminal background check do not show grounds for denial.

(h) A temporary license issued pursuant to this section is nonrenewable and shall expire 12 months after issuance, upon issuance or denial of a standard license, upon issuance or denial of a license by endorsement, or upon issuance or denial of an expedited license pursuant to Section 115.5, whichever occurs first.

(i) A board shall submit to the department for approval, if necessary to implement this section, draft regulations necessary to administer this section. These regulations shall be adopted pursuant to the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code).

(j) (1) This section shall not apply to a board that has a process in place by which an out-of-state licensed applicant in good standing who is married to, or in a domestic partnership or other legal union with, an active duty member of the Armed Forces of the United States is able to receive expedited, temporary authorization to practice while meeting state-specific requirements for a period of at least one year or is able to receive an expedited license by endorsement with no additional requirements superseding those described in subdivisions (c) and (d).

(2) This section shall apply only to the extent that it does not amend an initiative or violate constitutional requirements.

(k) An applicant for a temporary license pursuant to this section shall not be required to provide, and no board shall collect, a fee for the application or issuance of a temporary license.

(l) For purposes of this section, the term “applicant” refers to an applicant for an individual license and does not refer to applicants for business or entity licenses.

(Amended by Stats. 2024, Ch. 481, Sec. 3. (SB 1451) Effective January 1, 2025.)

§ 123 Subversion of Licensing Examination

It is a misdemeanor for any person to engage in any conduct which subverts or attempts to subvert any licensing examination or the administration of an examination, including, but not limited to:

(a) Conduct which violates the security of the examination materials; removing from the examination room any examination materials without authorization; the unauthorized reproduction by any means of any portion of the actual licensing examination; aiding by any means the unauthorized reproduction of any portion of the actual licensing examination; paying or using professional or paid examination-takers for the purpose of reconstructing any portion of the licensing examination; obtaining examination questions or other examination material, except by specific authorization either before, during, or after an examination; or using or purporting to use any examination questions or materials which were improperly removed or taken from any examination for the purpose of instructing or preparing any applicant for examination; or selling, distributing, buying, receiving, or having unauthorized possession of any portion of a future, current, or previously administered licensing examination.

(b) Communicating with any other examinee during the administration of a licensing examination; copying answers from another examinee or permitting one’s answers to be copied by another examinee; having in one’s possession during the administration of the licensing examination any books, equipment, notes, written or

printed materials, or data of any kind, other than the examination materials distributed, or otherwise authorized to be in one’s possession during the examination; or impersonating any examinee or having an impersonator take the licensing examination on one’s behalf. Nothing in this section shall preclude prosecution under the authority provided for in any other provision of law. In addition to any other penalties, a person found guilty of violating this section, shall be liable for the actual damages sustained by the agency administering the examination not to exceed ten thousand dollars (\$10,000) and the costs of litigation.

(c) If any provision of this section or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the section that can be given effect without the invalid provision or application, and to this end the provisions of this section are severable.

(Amended by Stats. 1991, Ch. 647, § 1.)

§ 123.5 Restraining Order

Whenever any person has engaged, or is about to engage, in any acts or practices which constitute, or will constitute, a violation of Section 123, the superior court in and for the county wherein the acts or practices take place, or are about to take place, may issue an injunction, or other appropriate order, restraining such conduct on application of a board, the Attorney General or the district attorney of the county.

The proceedings under this section shall be governed by Chapter 3 (commencing with Section 525) of Title 7 of Part 2 of the Code of Civil Procedure.

The remedy provided for by this section shall be in addition to, and not a limitation on, the authority provided for in any other provision of law.

(Added by renumbering § 497 by Stats. 1989, Ch. 1022, § 4.)

§ 125 Conspiracy With Unlicensed Person

Any person, licensed under Division 1 (commencing with Section 100), Division 2 (commencing with Section 500), or Division 3 (commencing with Section 5000) is guilty of a misdemeanor and subject to the disciplinary provisions of this code applicable to them, who conspires with a person not so licensed to violate any provision of this code, or who, with intent to aid or assist that person in violating those provisions does either of the following:

- (a) Allows their license to be used by that person.
- (b) Acts as their agent or partner.

(Amended by Stats. 2019, Ch. 351, § 26 (AB 496), eff. January 1, 2020.)

§ 125.3 Investigation and Enforcement Costs; Payment by Licentiate

(a) Except as otherwise provided by law, in any order issued in resolution of a disciplinary proceeding before any board within the department or before the Osteopathic Medical Board, upon request of the entity bringing the proceeding, the administrative law judge may direct a licensee found to have committed a violation or violations of the licensing act to pay a sum not to exceed the reasonable costs of the investigation and enforcement of the case.

(b) In the case of a disciplined licensee that is a corporation or a partnership, the order may be made against the licensed corporate entity or licensed partnership.

(c) A certified copy of the actual costs or a good faith estimate of costs where actual costs are not available, signed by the entity bringing the proceeding or its designated representative shall be prima facie evidence of reasonable costs of investigation and prosecution of the case. The costs shall include the amount of investigative and enforcement costs up to the date of the hearing, including, but not limited to, charges imposed by the Attorney General.

(d) The administrative law judge shall make a proposed finding of the amount of reasonable costs of investigation and prosecution of the case when requested pursuant to subdivision (a). The finding of the administrative law judge with regard to costs shall not be reviewable by the board to increase the cost award. The board may reduce or eliminate the cost award, or remand to the administrative law judge if the proposed decision fails to make a

finding on costs requested pursuant to subdivision (a).

(e) If an order for recovery of costs is made and timely payment is not made as directed in the board’s decision, the board may enforce the order for repayment in any appropriate court. This right of enforcement shall be in addition to any other rights the board may have as to any licensee to pay costs.

(f) In any action for recovery of costs, proof of the board’s decision shall be conclusive proof of the validity of the order of payment and the terms for payment.

(g) (1) Except as provided in paragraph (2), the board shall not renew or reinstate the license of any licensee who has failed to pay all of the costs ordered under this section.

(2) Notwithstanding paragraph (1), the board may, in its discretion, conditionally renew or reinstate for a maximum of one year the license of any licensee who demonstrates financial hardship and who enters into a formal agreement with the board to reimburse the board within that one-year period for the unpaid costs.

(h) All costs recovered under this section shall be considered a reimbursement for costs incurred and shall be deposited in the fund of the board recovering the costs to be available upon appropriation by the Legislature.

(i) Nothing in this section shall preclude a board from including the recovery of the costs of investigation and enforcement of a case in any stipulated settlement.

(j) This section does not apply to any board if a specific statutory provision in that board’s licensing act provides for recovery of costs in an administrative disciplinary proceeding.

(k) Notwithstanding the provisions of this section, the Medical Board of California shall not request nor obtain from a physician and surgeon, investigation and prosecution costs for a disciplinary proceeding against the licensee. The board shall ensure that this subdivision is revenue neutral with regard to it and that any loss of revenue or increase in costs resulting from this subdivision is offset by an increase in the amount of the initial license fee and the biennial renewal fee, as provided in subdivision (e) of Section 2435.

(Amended by Stats. 2019, Ch. 351, § 27 (AB 496), eff. January 1, 2020. Note: This section originated in Stats. 1992, Ch. 1289.)

§ 125.6 Unprofessional Conduct – Discrimination

(a) (1) With regard to an applicant, every person who holds a license under the provisions of this code is subject to disciplinary action under the disciplinary provisions of this code applicable to that person if, because of any characteristic listed or defined in subdivision (b) or (e) of Section 51 of the Civil Code, the person refuses to perform the licensed activity or aids or incites the refusal to perform that licensed activity by another licensee, or if, because of any characteristic listed or defined in subdivision (b) or (e) of Section 51 of the Civil Code, the person makes any discrimination, or restriction in the performance of the licensed activity.

(2) Nothing in this section shall be interpreted to prevent a physician or health care professional licensed pursuant to Division 2 (commencing with Section 500) from considering any of the characteristics of a patient listed in subdivision (b) or (e) of Section 51 of the Civil Code if that consideration is medically necessary and for the sole purpose of determining the appropriate diagnosis or treatment of the patient.

(3) Nothing in this section shall be interpreted to apply to discrimination by employers with regard to employees or prospective employees, nor shall this section authorize action against any club license issued pursuant to Article 4 (commencing with Section 23425) of Chapter 3 of Division 9 because of discriminatory membership policy.

(4) The presence of architectural barriers to an individual with physical disabilities that conform to applicable state or local building codes and regulations shall not constitute discrimination under this section.

(b) (1) Nothing in this section requires a person licensed pursuant to Division 2 (commencing with Section 500) to permit an individual to participate in, or benefit from, the licensed activity of the licensee where that individual poses a direct threat to the health or safety of others. For this purpose, the term “direct threat” means a significant risk to the health or safety of others that cannot be eliminated by a modification of policies, practices, or procedures or by the provision of auxiliary aids and services.

(2) Nothing in this section requires a person licensed pursuant to Division 2 (commencing with Section 500) to perform a licensed activity for which the person is not qualified to perform.

(c) (1) "Applicant," as used in this section, means a person applying for licensed services provided by a person licensed under this code.

(2) "License," as used in this section, includes "certificate," "permit," "authority," and "registration" or any other indicia giving authorization to engage in a business or profession regulated by this code.

(Amended by Stats. 2019, Ch. 351, § 28 (AB 496), eff. January 1, 2020.)

§ 125.9 Citations

(a) Except with respect to persons regulated under Chapter 11 (commencing with Section 7500), any board, bureau, or commission within the department, the State Board of Chiropractic Examiners, and the Osteopathic Medical Board of California, may establish, by regulation, a system for the issuance to a licensee of a citation which may contain an order of abatement or an order to pay an administrative fine assessed by the board, bureau, or commission where the licensee is in violation of the applicable licensing act or any regulation adopted pursuant thereto.

(b) The system shall contain the following provisions:

(1) Citations shall be in writing and shall describe with particularity the nature of the violation, including specific reference to the provision of law determined to have been violated.

(2) Whenever appropriate, the citation shall contain an order of abatement fixing a reasonable time for abatement of the violation.

(3) In no event shall the administrative fine assessed by the board, bureau, or commission exceed five thousand dollars (\$5,000) for each inspection or each investigation made with respect to the violation, or five thousand dollars (\$5,000) for each violation or count if the violation involves fraudulent billing submitted to an insurance company, the Medi-Cal program, or Medicare. In assessing a fine, the board, bureau, or commission shall give due consideration to the appropriateness of the amount of the fine with respect to factors such as the gravity of the violation, the good faith of the licensee, and the history of previous violations.

(4) A citation or fine assessment issued pursuant to a citation shall inform the licensee that if the licensee desires a hearing to contest the finding of a violation, that hearing shall be requested by written notice to the board, bureau, or commission within 30 days of the date of issuance of the citation or assessment. If a hearing is not requested pursuant to this section, payment of any fine shall not constitute an admission of the violation charged. Hearings shall be held pursuant to Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

(5) Failure of a licensee to pay a fine or comply with an order of abatement, or both, within 30 days of the date of assessment or order, unless the citation is being appealed, may result in disciplinary action being taken by the board, bureau, or commission. Where a citation is not contested and a fine is not paid, the full amount of the assessed fine shall be added to the fee for renewal of the license. A license shall not be renewed without payment of the renewal fee and fine.

(c) The system may contain the following provisions:

(1) A citation may be issued without the assessment of an administrative fine.

(2) Assessment of administrative fines may be limited to only particular violations of the applicable licensing act.

(d) Notwithstanding any other provision of law, if a fine is paid to satisfy an assessment based on the finding of a violation, payment of the fine and compliance with the order of abatement, if applicable, shall be represented as satisfactory resolution of the matter for purposes of public disclosure.

(e) Administrative fines collected pursuant to this section shall be deposited in the special fund of the particular board, bureau, or commission.

(Amended by Stats. 2020, Ch. 312, Sec. 3. (SB 1474) Effective January 1, 2021.)

(a) As used in this section, "board" means every board, bureau, commission, committee, and similarly constituted agency in the department that issues licenses.

(b) Each board shall, upon receipt of any complaint respecting an individual licensed by the board, notify the complainant of the initial administrative action taken on complainant’s complaint within 10 days of receipt. Each board shall notify the complainant of the final action taken on complainant’s complaint. There shall be a notification made in every case in which the complainant is known. If the complaint is not within the jurisdiction of the board or if the board is unable to dispose satisfactorily of the complaint, the board shall transmit the complaint together with any evidence or information it has concerning the complaint to the agency, public or private, whose authority in the opinion of the board will provide the most effective means to secure the relief sought. The board shall notify the complainant of this action and of any other means that may be available to the complainant to secure relief.

(c) The board shall, when the board deems it appropriate, notify the person against whom the complaint is made of the nature of the complaint, may request appropriate relief for the complainant, and may meet and confer with the complainant and the licensee in order to mediate the complaint. Nothing in this subdivision shall be construed as authorizing or requiring any board to set or to modify any fee charged by a licensee.

(d) It shall be the continuing duty of the board to ascertain patterns of complaints and to report on all actions taken with respect to those patterns of complaints to the director and to the Legislature at least once per year. The board shall evaluate those complaints dismissed for lack of jurisdiction or no violation and recommend to the director and to the Legislature at least once per year the statutory changes it deems necessary to implement the board’s functions and responsibilities under this section.

(e) It shall be the continuing duty of the board to take whatever action it deems necessary, with the approval of the director, to inform the public of its functions under this section.

(f) Notwithstanding any other law, upon receipt of a child custody evaluation report submitted to a court pursuant to Chapter 6 (commencing with Section 3110) of Part 2 of Division 8 of the Family Code, the board shall notify the noncomplaining party in the underlying custody dispute, who is a subject of that report, of the pending investigation.

(Amended by Stats. 2019, Ch. 351, § 31 (AB 496), eff. January 1, 2020.)

§ 135.4 Refugees, Asylees, and Special Immigrant Visa Holders: Professional Licensing: Initial Licensure Process

(a) Notwithstanding any other law, a board within the department shall expedite, and may assist, the initial licensure process for an applicant who supplies satisfactory evidence to the board that they have been admitted to the United States as a refugee under Section 1157 of Title 8 of the United States Code, have been granted asylum by the Secretary of Homeland Security or the Attorney General of the United States pursuant to Section 1158 of Title 8 of the United States Code, or they have a special immigrant visa (SIV) that has been granted a status under Section 1244 of Public Law 110-181, under Public Law 109-163, or under Section 602(b) of Title VI of Division F of Public Law 111-8.

(b) Nothing in this section shall be construed as changing existing licensure requirements. A person applying for expedited licensure under subdivision (a) shall meet all applicable statutory and regulatory licensure requirements.

(c) A board may adopt regulations necessary to administer this section.

(d) For purposes of this section, “applicant” refers to an applicant for an individual license and does not refer to applicants for business or entity licenses.

(Amended by Stats. 2024, Ch. 481, Sec. 4. (SB 1451) Effective January 1, 2025.)

§ 135.5 Citizenship/Immigration Status

(a) The Legislature finds and declares that it is in the best interests of the State of California to provide persons who are not lawfully present in the United States with the state benefits provided by all licensing acts of entities within the department, and therefore enacts this section pursuant to subsection (d) of Section 1621 of Title 8 of the United States Code.

(b) Notwithstanding subdivision (a) of Section 30, and except as required by subdivision (e) of Section 7583.23, no entity within the department shall deny licensure to an applicant based on his or her citizenship status or immigration status.

(c) Every board within the department shall implement all required regulatory or procedural changes necessary to implement this section no later than January 1, 2016. A board may implement the provisions of this section at any time prior to January 1, 2016.

(Added by Stats. 2014, Ch. 752, § 2 (SB 1159), eff. January 1, 2015.)

§ 143.5 Agreements Not to Cooperate with Licensing Entity

(a) No licensee who is regulated by a board, bureau, or program within the Department of Consumer Affairs, nor an entity or person acting as an authorized agent of a licensee, shall include or permit to be included a provision in an agreement to settle a civil dispute, whether the agreement is made before or after the commencement of a civil action, that prohibits the other party in that dispute from contacting, filing a complaint with, or cooperating with the department, board, bureau, or program within the Department of Consumer Affairs that regulates the licensee or that requires the other party to withdraw a complaint from the department, board, bureau, or program within the Department of Consumer Affairs that regulates the licensee. A provision of that nature is void as against public policy, and any licensee who includes or permits to be included a provision of that nature in a settlement agreement is subject to disciplinary action by the board, bureau, or program.

(b) Any board, bureau, or program within the Department of Consumer Affairs that takes disciplinary action against a licensee or licensees based on a complaint or report that has also been the subject of a civil action and that has been settled for monetary damages providing for full and final satisfaction of the parties may not require its licensee or licensees to pay any additional sums to the benefit of any plaintiff in the civil action.

(c) As used in this section, "board" shall have the same meaning as defined in Section 22, and "licensee" means a person who has been granted a license, as that term is defined in Section 23.7.

(d) Notwithstanding any other law, upon granting a petition filed by a licensee or authorized agent of a licensee pursuant to Section 11340.6 of the Government Code, a board, bureau, or program within the Department of Consumer Affairs may, based upon evidence and legal authorities cited in the petition, adopt a regulation that does both of the following:

(1) Identifies a code section or jury instruction in a civil cause of action that has no relevance to the board's, bureau's, or program's enforcement responsibilities such that an agreement to settle such a cause of action based on that code section or jury instruction otherwise prohibited under subdivision (a) will not impair the board's, bureau's, or program's duty to protect the public.

(2) Exempts agreements to settle such a cause of action from the requirements of subdivision (a).

(e) This section shall not apply to a licensee subject to Section 2220.7.

§ 315 Establishment of Substance Abusing Coordination Committee; Members; Duties

(a) For the purpose of determining uniform standards that will be used by healing arts boards in dealing with substance-abusing licensees, there is established in the Department of Consumer Affairs the Substance Abuse Coordination Committee. The committee shall be comprised of the executive officers of the department's healing arts boards established pursuant to Division 2 (commencing with Section 500), the State Board of Chiropractic Examiners, the Osteopathic Medical Board of California, and a designee of the State Department of Health Care Services. The Director of Consumer Affairs shall chair the committee and may invite individuals or stakeholders who have particular expertise in the area of substance abuse to advise the committee.

(b) The committee shall be subject to the Bagley-Keene Open Meeting Act (Article 9 (commencing with Section 11120) of Division 3 of Title 2 of the Government Code).

(c) By January 1, 2010, the committee shall formulate uniform and specific standards in each of the following areas that each healing arts board shall use in dealing with substance-abusing licensees, whether or not a board chooses to have a formal diversion program:

(1) Specific requirements for a clinical diagnostic evaluation of the licensee, including, but not limited to, required qualifications for the providers evaluating the licensee.

(2) Specific requirements for the temporary removal of the licensee from practice, in order to enable the licensee to undergo the clinical diagnostic evaluation described in paragraph (1) and any treatment recommended by the evaluator described in paragraph (1) and approved by the board, and specific criteria that the licensee must meet before being permitted to return to practice on a full-time or part-time basis.

(3) Specific requirements that govern the ability of the licensing board to communicate with the licensee's employer about the licensee's status and condition.

(4) Standards governing all aspects of required testing, including, but not limited to, frequency of testing, randomness, method of notice to the licensee, number of hours between the provision of notice and the test, standards for specimen collectors, procedures used by specimen collectors, the permissible locations of testing, whether the collection process must be observed by the collector, backup testing requirements when the licensee is on vacation or otherwise unavailable for local testing, requirements for the laboratory that analyzes the specimens, and the required maximum timeframe from the test to the receipt of the result of the test.

(5) Standards governing all aspects of group meeting attendance requirements, including, but not limited to, required qualifications for group meeting facilitators, frequency of required meeting attendance, and methods of documenting and reporting attendance or nonattendance by licensees.

- (10) Specific consequences for major violations and minor violations. In particular, the committee shall consider the use of a “deferred prosecution” stipulation similar to the stipulation described in Section 1000 of the Penal Code, in which the licensee admits to self-abuse of drugs or alcohol and surrenders his or her license. That agreement is deferred by the agency unless or until the licensee commits a major violation, in which case it is revived and the license is surrendered.
- (11) Criteria that a licensee must meet in order to petition for return to practice on a full-time basis.
- (12) Criteria that a licensee must meet in order to petition for reinstatement of a full and unrestricted license.
- (13) If a board uses a private-sector vendor that provides diversion services, standards for immediate reporting by the vendor to the board of any and all noncompliance with any term of the diversion contract or probation; standards for the vendor’s approval process for providers or contractors that provide diversion services, including, but not limited to, specimen collectors, group meeting facilitators, and worksite monitors; standards requiring the vendor to disapprove and discontinue the use of providers or contractors that fail to provide effective or timely diversion services; and standards for a licensee’s termination from the program and referral to enforcement.

- (15) If a board uses a private-sector vendor that provides diversion services, a schedule for external independent audits of the vendor’s performance in adhering to the standards adopted by the committee.
- (16) Measurable criteria and standards to determine whether each board’s method of dealing with substance-abusing licensees protects patients from harm and is effective in assisting its licensees in recovering from substance abuse in the long term.
- (d) Notwithstanding any other law, by January 1, 2019, the committee shall review the existing criteria for Uniform Standard #4 established pursuant to paragraph (4) of subdivision (c). The committee’s review and findings shall determine whether the existing criteria for Uniform Standard #4 should be updated to reflect recent developments in testing research and technology. The committee shall consider information from, but not limited to, the American Society of Addiction Medicine, and other sources of best practices.

- (c) A license shall not be denied, suspended, or revoked on the grounds of a lack of good moral character or any similar ground relating to an applicant’s character, reputation, personality, or habits.

(Amended by Stats. 2011, Ch. 455, § 2 (AB 1424), eff. January 1, 2012.)

(b) As used in this division, “material” includes a statement or omission substantially related to the qualifications, functions, or duties of the business or profession.

(Added by Stats. 1992, Ch. 1289, § 6, eff. January 1, 1993.)

§ 480 Grounds for Denial

(a) Notwithstanding any other provision of this code, a board may deny a license regulated by this code on the grounds that the applicant has been convicted of a crime or has been subject to formal discipline only if either of the following conditions are met:

(1) The applicant has been convicted of a crime within the preceding seven years from the date of application that is substantially related to the qualifications, functions, or duties of the business or profession for which the application is made, regardless of whether the applicant was incarcerated for that crime, or the applicant has been convicted of a crime that is substantially related to the qualifications, functions, or duties of the business or profession for which the application is made and for which the applicant is presently incarcerated or for which the applicant was released from incarceration within the preceding seven years from the date of application. However, the preceding seven-year limitation shall not apply in either of the following situations:

(A) The applicant was convicted of a serious felony, as defined in Section 1192.7 of the Penal Code or a crime for which registration is required pursuant to paragraph (2) or (3) of subdivision (d) of Section 290 of the Penal Code.

(B) The applicant was convicted of a financial crime currently classified as a felony that is directly and adversely related to the fiduciary qualifications, functions, or duties of the business or profession for which the application is made, pursuant to regulations adopted by the board, and for which the applicant is seeking licensure under any of the following:

(i) Chapter 6 (commencing with Section 6500) of Division 3.

(ii) Chapter 9 (commencing with Section 7000) of Division 3.

(iii) Chapter 11.3 (commencing with Section 7512) of Division 3.

(iv) Licensure as a funeral director or cemetery manager under Chapter 12 (commencing with Section 7600) of Division 3.

(v) Division 4 (commencing with Section 10000).

(2) The applicant has been subjected to formal discipline by a licensing board in or outside California within the preceding seven years from the date of application based on professional misconduct that would have been cause for discipline before the board for which the present application is made and that is substantially related to the qualifications, functions, or duties of the business or profession for which the present application is made. However, prior disciplinary action by a licensing board within the preceding seven years shall not be the basis for denial of a license if the basis for that disciplinary action was a conviction that has been dismissed pursuant to Section 1203.4, 1203.4a, 1203.41, 1203.42, or 1203.425 of the Penal Code or a comparable dismissal or expungement. Formal discipline that occurred earlier than seven years preceding the date of application may be grounds for denial of a license only if the formal discipline was for conduct that, if committed in this state by a physician and surgeon licensed pursuant to Chapter 5 (commencing with Section 2000) of Division 2, would have constituted an act of sexual abuse, misconduct, or relations with a patient pursuant to Section 726 or sexual exploitation as defined in subdivision (a) of Section 729.

(b) Notwithstanding any other provision of this code, a person shall not be denied a license on the basis that the person has been convicted of a crime, or on the basis of acts underlying a conviction for a crime, if that person has obtained a certificate of rehabilitation under Chapter 3.5 (commencing with Section 4852.01) of Title 6 of Part 3 of the Penal Code, has been granted clemency or a pardon by a state or federal executive, or has made a showing of rehabilitation pursuant to Section 482.

(c) Notwithstanding any other provision of this code, a person shall not be denied a license on the basis of any conviction, or on the basis of the acts underlying the conviction, that has been dismissed pursuant to Section 1203.4, 1203.4a, 1203.41, 1203.42, or 1203.425 of the Penal Code, or a comparable dismissal or expungement. An applicant who has a conviction that has been dismissed pursuant to Section 1203.4, 1203.4a, 1203.41, or 1203.42 of the Penal Code shall provide proof of the dismissal if it is not reflected on the report furnished by the Department of Justice.

(d) Notwithstanding any other provision of this code, a board shall not deny a license on the basis of an arrest that resulted in a disposition other than a conviction, including an arrest that resulted in an infraction, citation, or a juvenile adjudication.

(e) A board may deny a license regulated by this code on the ground that the applicant knowingly made a false statement of fact that is required to be revealed in the application for the license. A board shall not deny a license based solely on an applicant's failure to disclose a fact that would not have been cause for denial of the license had it been disclosed.

(f) A board shall follow the following procedures in requesting or acting on an applicant's criminal history information:

(1) A board issuing a license pursuant to Chapter 3 (commencing with Section 5500), Chapter 3.5 (commencing with Section 5615), Chapter 10 (commencing with Section 7301), Chapter 20 (commencing with Section 9800), or Chapter 20.3 (commencing with Section 9880), of Division 3, or Chapter 3 (commencing with Section 19000) or Chapter 3.1 (commencing with Section 19225) of Division 8 may require applicants for licensure under those chapters to disclose criminal conviction history on an application for licensure.

(2) Except as provided in paragraph (1), a board shall not require an applicant for licensure to disclose any information or documentation regarding the applicant's criminal history. However, a board may request mitigating information from an applicant regarding the applicant's criminal history for purposes of determining substantial relation or demonstrating evidence of rehabilitation, provided that the applicant is informed that disclosure is voluntary and that the applicant's decision not to disclose any information shall not be a factor in a board's decision to grant or deny an application for licensure.

(3) If a board decides to deny an application for licensure based solely or in part on the applicant's conviction history, the board shall notify the applicant in writing of all of the following:

(A) The denial or disqualification of licensure.

(B) Any existing procedure the board has for the applicant to challenge the decision or to request reconsideration.

(C) That the applicant has the right to appeal the board's decision.

(D) The processes for the applicant to request a copy of the applicant's complete conviction history and question the accuracy or completeness of the record pursuant to Sections 11122 to 11127 of the Penal Code.

(g) (1) For a minimum of three years, each board under this code shall retain application forms and other documents submitted by an applicant, any notice provided to an applicant, all other communications received from and provided to an applicant, and criminal history reports of an applicant.

(2) Each board under this code shall retain the number of applications received for each license and the number of applications requiring inquiries regarding criminal history. In addition, each licensing authority shall retain all of the following information:

- (A) The number of applicants with a criminal record who received notice of denial or disqualification of licensure.
- (B) The number of applicants with a criminal record who provided evidence of mitigation or rehabilitation.
- (C) The number of applicants with a criminal record who appealed any denial or disqualification of licensure.
- (D) The final disposition and demographic information, consisting of voluntarily provided information on race or gender, of any applicant described in subparagraph (A), (B), or (C).

(3) (A) Each board under this code shall annually make available to the public through the board’s internet website and through a report submitted to the appropriate policy committees of the Legislature deidentified information collected pursuant to this subdivision. Each board shall ensure confidentiality of the individual applicants.

(B) A report pursuant to subparagraph (A) shall be submitted in compliance with Section 9795 of the Government Code.

(h) “Conviction” as used in this section shall have the same meaning as defined in Section 7.5.

(i) This section does not in any way modify or otherwise affect the existing authority of the following entities in regard to licensure:

- (1) The State Athletic Commission.
- (2) The Bureau for Private Postsecondary Education.
- (3) The California Horse Racing Board.

(Amended by Stats. 2022, Ch. 453, Sec. 1. (AB 1636) Effective January 1, 2023.)

§ 480.5 Denial of Licenses

a) An individual who has satisfied any of the requirements needed to obtain a license regulated under this division while incarcerated, who applies for that license upon release from incarceration, and who is otherwise eligible for the license shall not be subject to a delay in processing his or her application or a denial of the license solely on the basis that some or all of the licensure requirements were completed while the individual was incarcerated.

(b) Nothing in this section shall be construed to apply to a petition for reinstatement of a license or to limit the ability of a board to deny a license pursuant to Section 480.

(c) This section shall not apply to the licensure of individuals under the initiative act referred to in Chapter 2 (commencing with Section 1000) of Division 2.

(Added by Stats. 2014, Ch. 410, § 1 (AB 1702), eff. January 1, 2015)

§ 481 Crime and Job Fitness Criteria

(a) Each board under this code shall develop criteria to aid it, when considering the denial, suspension, or revocation of a license, to determine whether a crime is substantially related to the qualifications, functions, or duties of the business or profession it regulates.

(b) Criteria for determining whether a crime is substantially related to the qualifications, functions, or duties of the business or profession a board regulates shall include all of the following:

- (1) The nature and gravity of the offense.
- (2) The number of years elapsed since the date of the offense.
- (3) The nature and duties of the profession in which the applicant seeks licensure or in which the licensee is licensed.

(c) A board shall not deny a license based in whole or in part on a conviction without considering evidence of rehabilitation submitted by an applicant pursuant to any process established in the practice act or regulations of the particular board and as directed by Section 482.

(d) Each board shall post on its Internet Web site a summary of the criteria used to consider whether a crime is considered to be substantially related to the qualifications, functions, or duties of the business or profession it regulates consistent with this section.

(e) This section does not in any way modify or otherwise affect the existing authority of the following entities in regard to licensure:

(1) The State Athletic Commission.

(2) The Bureau for Private Postsecondary Education.

(3) The California Horse Racing Board.

(f) This section shall become operative on July 1, 2020.

(Repealed and added by Stats. 2018, Ch. 995, Sec. 7 (AB 2138) Effective January 1, 2019. Section operative July 1, 2020, by its own provisions.)

(1) Considering the denial of a license by the board under Section 480.

(2) Considering suspension or revocation of a license under Section 490.

(b) Each board shall consider whether an applicant or licensee has made a showing of rehabilitation if either of the following are met:

(1) The applicant or licensee has completed the criminal sentence at issue without a violation of parole or probation.

(2) The board, applying its criteria for rehabilitation, finds that the applicant is rehabilitated.

(c) This section does not in any way modify or otherwise affect the existing authority of the following entities in regard to licensure:

(1) The State Athletic Commission.

(2) The Bureau for Private Postsecondary Education.

(3) The California Horse Racing Board.

(d) This section shall become operative on July 1, 2020.

(Amended by Stats. 1974, Ch. 1321.)

§ 485 Procedure for Board Upon Denial

Upon denial of an application for a license under this chapter or Section 496, the board shall do either of the following:

(a) File and serve a statement of issues in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

(b) Notify the applicant that the application is denied, stating (1) the reason for the denial, and (2) that the applicant has the right to a hearing under Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code if written request for hearing is made within 60 days after service of the notice of denial. Unless written request for hearing is made within the 60-day period, the applicant's right to a hearing is deemed waived.

Service by mail is complete on the date of mailing.

(Amended by Stats. 1997, Ch. 758, § 2.3, eff. January 1, 1998.)

§ 486 Reapplication After Denial

Where the board has denied an application for a license under this chapter or Section 496, it shall, in its decision, or in its notice under subdivision (b) of Section 485, inform the applicant of the following:

(a) The earliest date on which the applicant may reapply for a license which shall be one year from the effective date of the decision, or service of the notice under subdivision (b) of Section 485, unless the board prescribes an earlier date or a later date is prescribed by another statute.

(b) That all competent evidence of rehabilitation presented will be considered upon a reapplication.

Along with the decision, or the notice under subdivision (b) of Section 485, the board shall serve a copy of the criteria relating to rehabilitation formulated under Section 482.

(Amended by Stats. 1997, Ch. 758, § 2.4, eff. January 1, 1998.)

§ 487 Hearing Time

If a hearing is requested by the applicant, the board shall conduct such hearing within 90 days from the date the hearing is requested unless the applicant shall request or agree in writing to a postponement or continuance of the hearing. Notwithstanding the above, the Office of Administrative Hearings may order, or on a showing of good cause, grant a request for, up to 45 additional days within which to conduct a hearing, except in cases involving alleged examination or licensing fraud, in which cases the period may be up to 180 days. In no case shall more than two such orders be made or requests be granted.

(Amended by Stats. 1986, Ch. 220, § 1, eff. June 30, 1986.)

(3) Deny the license.

(4) Take other action in relation to denying or granting the license as the board in its discretion may deem proper.

(b) This section does not in any way modify or otherwise affect the existing authority of the following entities in regard to licensure:

(1) The State Athletic Commission.

(2) The Bureau for Private Postsecondary Education.

(3) The California Horse Racing Board.

(c) This section shall become operative on July 1, 2020.

(Repealed and added by Stats. 2018, Ch. 995, § 11 (AB 2138), eff. January 1, 2019. Section operative July 1, 2020, by its own provisions.)

§ 489 Denial of Application Without a Hearing

Any agency in the department which is authorized by law to deny an application for a license upon the grounds specified in Section 480 or 496, may without a hearing deny an application upon any of those grounds, if within one year previously, and after proceedings conducted in accordance with Chapter 5 (commencing with Section

11500) of Part 1 of Division 3 of Title 2 of the Government Code, that agency has denied an application from the same applicant upon the same ground.

(Amended by Stats. 1997, Ch. 758, § 2.5, eff. January 1, 1998.)

§ 490 Conviction of a Crime—Substantial Relationship Criteria

(a) In addition to any other action that a board is permitted to take against a licensee, a board may suspend or revoke a license on the ground that the licensee has been convicted of a crime, if the crime is substantially related to the qualifications, functions, or duties of the business or profession for which the license was issued.

(b) Notwithstanding any other provision of law, a board may exercise any authority to discipline a licensee for conviction of a crime that is independent of the authority granted under subdivision (a) only if the crime is substantially related to the qualifications, functions, or duties of the business or profession for which the licensee’s license was issued.

(c) A conviction within the meaning of this section means a plea or verdict of guilty or a conviction following a plea of nolo contendere. An action that a board is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal, or when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under Section 1203.4 of the Penal Code.

(d) The Legislature hereby finds and declares that the application of this section has been made unclear by the holding in *Petropoulos v. Department of Real Estate* (2006) 142 Cal. App. 4th 554, and that the holding in that case has placed a significant number of statutes and regulations in question, resulting in potential harm to the consumers of California from licensees who have been convicted of crimes. Therefore, the Legislature finds and declares that this section establishes an independent basis for a board to impose discipline upon a licensee, and that the amendments to this section made by Chapter 33 of the Statutes of 2008 do not constitute a change to, but rather are declaratory of, existing law.

(Amended by Stats. 2010, Ch. 328, § 2, eff. January 1, 2011.)

§ 495 Public Repeal of Licentiate or Certificate Holder for Act Constituting Grounds for Suspension or Revocation of License or Certificate; Proceedings

Notwithstanding any other provision of law, any entity authorized to issue a license or certificate pursuant to this code may publicly reprove a licentiate or certificate holder thereof, for any act that would constitute grounds to suspend or revoke a license or certificate. Any proceedings for public reproof, public reproof and suspension, or public reproof and revocation shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, or, in the case of a licensee or certificate holder under the jurisdiction of the State Department of Health Services, in accordance with Section 100171 of the Health and Safety Code.

(Amended by Stats. 1997, Ch. 220, § 2, eff. August 4, 1997.)

§ 496 Violation of Exam Security

A board may deny, suspend, revoke, or otherwise restrict a license on the ground that an applicant or licensee has violated Section 123 pertaining to subversion of licensing examinations.

(Repealed and added by Stats. 1989, Ch. 1022, § 3.)

§ 580 Sale of Degree

No person, company, or association shall sell or barter or offer to sell or barter any medical degree, podiatric degree, or osteopathic degree, or chiropractic degree, or any other degree which is required for licensure, certification, or registration under this division, or any degree, certificate, transcript, or any other writing, made or purporting to be made pursuant to any laws regulating the licensing and registration or issuing of a certificate to physicians and surgeons, podiatrists, osteopathic physicians, chiropractors, persons lawfully engaged in any other system or mode of treating the sick or afflicted, or to any other person licensed, certified, or registered under this division.

(a) Except as provided in Chapter 2.3 (commencing with Section 1400) of Division 2 of the Health and Safety Code, the offer, delivery, receipt, or acceptance by any person licensed under this division or the Chiropractic Initiative Act of any rebate, refund, commission, preference, patronage dividend, discount, or other consideration, whether in the form of money or otherwise, as compensation or inducement for referring patients, clients, or customers to any person, irrespective of any membership, proprietary interest, or coownership in or with any person to whom these patients, clients, or customers are referred is unlawful.

(b) The payment or receipt of consideration for services other than the referral of patients that is based on a percentage of gross revenue or similar type of contractual arrangement shall not be unlawful if the consideration is commensurate with the value of the services furnished or with the fair rental value of any premises or equipment leased or provided by the recipient to the payer.

(c) The offer, delivery, receipt, or acceptance of any consideration between a federally qualified health center, as defined in Section 1396d(l)(2)(B) of Title 42 of the United States Code, and any individual or entity providing goods, items, services, donations, loans, or a combination thereof to the health center entity pursuant to a contract, lease, grant, loan, or other agreement, if that agreement contributes to the ability of the health center entity to maintain or increase the availability, or enhance the quality, of services provided to a medically underserved population served by the health center, shall be authorized only to the extent sanctioned or permitted by federal law.

(d) Except as provided in Chapter 2.3 (commencing with Section 1400) of Division 2 of the Health and Safety Code and in Sections 654.1 and 654.2 of this code, it shall not be unlawful for any person licensed under this division to refer a person to any laboratory, pharmacy, clinic, including entities exempt from licensure pursuant to Section 1206 of the Health and Safety Code, or health care facility solely because the licensee has a proprietary interest or coownership in the laboratory, pharmacy, clinic, or health care facility, provided, however, that the licensee’s return on investment for that proprietary interest or coownership shall be based upon the amount of the capital investment or proportional ownership of the licensee which ownership interest is not based on the number or value of any patients referred. Any referral excepted under this section shall be unlawful if the prosecutor proves that there was no valid medical need for the referral.

(e) Except as provided in Chapter 2.3 (commencing with Section 1400) of Division 2 of the Health and Safety Code and in Sections 654.1 and 654.2 of this code, it shall not be unlawful to provide nonmonetary remuneration, in the form of hardware, software, or information technology and training services, as described in subsections (x) and (y) of Section 1001.952 of Title 42 of the Code of Federal Regulations, as amended October 4, 2007, as published in the Federal Register (72 Fed. (g) Notwithstanding this section or any other law, the payment or receipt of consideration for advertising, wherein a licensee offers or sells services through a third-party advertiser, shall not constitute a referral of patients when the third-party advertiser does not itself recommend, endorse, or otherwise select a licensee. The fee paid to the third-party advertiser shall be commensurate with the service provided by the third-party advertiser. If the licensee determines, after consultation with the purchaser of the service, that the service provided by the licensee is inappropriate for the purchaser or if the purchaser elects not to receive the service for any reason and requests a refund, the purchaser shall receive a refund of the full purchase price as determined by the terms of the advertising service agreement between the third-party advertiser and the licensee. The licensee shall disclose in the advertisement that a consultation is required and that the purchaser will receive a refund if ineligible to receive the service. This subdivision shall not apply to basic health care services, as defined in subdivision (b) of Section 1345 of the Health and Safety Code, or essential health benefits, as defined in Section 1367.005 of the Health and Safety Code and Section 10112.27 of the Insurance Code. The entity that provides the advertising shall be able to demonstrate that the licensee consented in writing to the requirements of this subdivision. A third-party advertiser shall make available to prospective purchasers advertisements for services of all licensees then advertising through the third-party advertiser in the applicable geographic region. In any advertisement offering a discount price for a service, the licensee shall also disclose the regular, nondiscounted price for that service.

(h) To the extent consistent with federal law, regulations, or guidance, the payment or receipt of consideration for internet-based advertising, appointment booking, or any service that provides information and resources to prospective patients of licensees shall not constitute a referral of a patient if the internet-based service provider does not recommend or endorse a specific licensee to a prospective patient.

(i) A violation of this section is a public offense and is punishable upon a first conviction by imprisonment in a county jail for not more than one year, or by imprisonment pursuant to subdivision (h) of Section 1170 of the Penal Code, or by a fine not exceeding fifty thousand dollars (\$50,000), or by both that imprisonment and fine. § 650.01 Prohibited Referrals: Financial Interests

(a) Notwithstanding Section 650, or any other provision of law, it is unlawful for a licensee to refer a person for laboratory, diagnostic nuclear medicine, radiation oncology, physical therapy, physical rehabilitation, psychometric testing, home infusion therapy, or diagnostic imaging goods or services if the licensee or their immediate family has a financial interest with the person or in the entity that receives the referral.

(b) For purposes of this section and Section 650.02, the following shall apply:

(1) "Diagnostic imaging" includes, but is not limited to, all X-ray, computed axial tomography, magnetic resonance imaging nuclear medicine, positron emission tomography, mammography, and ultrasound goods and services.

(2) A "financial interest" includes, but is not limited to, any type of ownership interest, debt, loan, lease, compensation, remuneration, discount, rebate, refund, dividend, distribution, subsidy, or other form of direct or indirect payment, whether in money or otherwise, between a licensee and a person or entity to whom the licensee refers a person for a good or service specified in subdivision (a). A financial interest also exists if there is an indirect financial relationship between a licensee and the referral recipient including, but not limited to, an arrangement whereby a licensee has an ownership interest in an entity that leases property to the referral recipient. Any financial interest transferred by a licensee to any person or entity or otherwise established in any person or entity for the purpose of avoiding the prohibition of this section shall be deemed a financial interest of the licensee. For purposes of this paragraph, "direct or indirect payment" shall not include a royalty or consulting fee received by a physician and surgeon who has completed a recognized residency training program in orthopedics from a manufacturer or distributor as a result of their research and development of medical devices and techniques for that manufacturer or distributor. For purposes of this paragraph, "consulting fees" means those fees paid by the manufacturer or distributor to a physician and surgeon who has completed a recognized residency training program in orthopedics only for their ongoing services in making refinements to their medical devices or techniques marketed or distributed by the manufacturer or distributor, if the manufacturer or distributor does not own or control the facility to which the physician is referring the patient. A "financial interest" shall not include the receipt of capitation payments or other fixed amounts that are prepaid in exchange for a promise of a licensee to provide specified health care services to specified beneficiaries. A "financial interest" shall not include the receipt of remuneration by a medical director of a hospice, as defined in Section 1746 of the Health and Safety Code, for specified services if the arrangement is set out in writing, and specifies all services to be provided by the medical director, the term of the arrangement is for at least one year, and the compensation to be paid over the term of the arrangement is set in advance, does not exceed fair market value, and is not determined in a manner that takes into account the volume or value of any referrals or other business generated between parties.

(3) For the purposes of this section, "immediate family" includes the spouse and children of the licensee, the parents of the licensee, and the spouses of the children of the licensee.

(4) "Licensee" means all of the following:

(B) An office in which services or goods are personally provided by the licensee or by employees in that office, or personally by independent contractors in that office, in accordance with other provisions of law. Employees and independent contractors shall be licensed or certified when licensure or certification is required by law.

(6) "Office of a group practice" means an office or offices in which two or more licensees are legally organized as a partnership, professional corporation, or not-for-profit corporation, licensed pursuant to subdivision (a) of Section 1204 of the Health and Safety Code, for which all of the following apply:

(A) Each licensee who is a member of the group provides substantially the full range of services that the licensee routinely provides, including medical care, consultation, diagnosis, or treatment through the joint use of shared office space, facilities, equipment, and personnel.

(B) Substantially all of the services of the licensees who are members of the group are provided through the group and are billed in the name of the group and amounts so received are treated as receipts of the group, except in the case of a multispecialty clinic, as defined in subdivision (I) of Section 1206 of the Health and Safety

Code, physician services are billed in the name of the multispecialty clinic and amounts so received are treated as receipts of the multispecialty clinic.

(C) The overhead expenses of, and the income from, the practice are distributed in accordance with methods previously determined by members of the group.

(c) It is unlawful for a licensee to enter into an arrangement or scheme, such as a cross-referral arrangement, that the licensee knows, or should know, has a principal purpose of ensuring referrals by the licensee to a particular entity that, if the licensee directly made referrals to that entity, would be in violation of this section.

(d) No claim for payment shall be presented by an entity to any individual, third party payer, or other entity for a good or service furnished pursuant to a referral prohibited under this section.

(e) No insurer, self-insurer, or other payer shall pay a charge or lien for any good or service resulting from a referral in violation of this section.

(f) A licensee who refers a person to, or seeks consultation from, an organization in which the licensee has a financial interest, other than as prohibited by subdivision (a), shall disclose the financial interest to the patient, or the parent or legal guardian of the patient, in writing, at the time of the referral or request for consultation.

(1) If a referral, billing, or other solicitation is between one or more licensees who contract with a multispecialty clinic pursuant to subdivision (l) of Section 1206 of the Health and Safety Code or who conduct their practice as members of the same professional corporation or partnership, and the services are rendered on the same physical premises, or under the same professional corporation or partnership name, the requirements of this subdivision may be met by posting a conspicuous disclosure statement at the registration area or by providing a patient with a written disclosure statement.

(2) If a licensee is under contract with the Department of Corrections or the California Youth Authority, and the patient is an inmate or parolee of either respective department, the requirements of this subdivision shall be satisfied by disclosing financial interests to either the Department of Corrections or the California Youth Authority.

(g) A violation of subdivision (a) shall be a misdemeanor. In the case of a licensee who is a physician and surgeon, the Medical Board of California shall review the facts and circumstances of any conviction pursuant to subdivision (a) and take appropriate disciplinary action if the licensee has committed unprofessional conduct. In the case of a licensee who is a certified nurse-midwife, the Board of Registered Nursing shall review the facts and circumstances of any conviction pursuant to subdivision (a) and take appropriate disciplinary action if the licensee has committed unprofessional conduct. Violations of this section may also be subject to civil penalties of up to five thousand dollars (\$5,000) for each offense, which may be enforced by the Insurance Commissioner, Attorney General, or a district attorney. A violation of subdivision (c), (d), or (e) is a public offense and is punishable upon conviction by a fine not exceeding fifteen thousand dollars (\$15,000) for each violation and appropriate disciplinary action, including revocation of professional licensure, by the Medical Board of California, the Board of Registered Nursing, or other appropriate governmental agency.

(h) This section shall not apply to referrals for services that are described in and covered by Sections 139.3 and 139.31 of the Labor Code.

(i) This section shall become operative on January 1, 1995.

(Amended by Stats. 2020, Ch. 265, Sec. 1.5. (AB 890) Effective January 1, 2021.)

The prohibition of Section 650.01 shall not apply to or restrict any of the following:

(a) A licensee may refer a patient for a good or service otherwise prohibited by subdivision (a) of Section 650.01 if the licensee's regular practice is located where there is no alternative provider of the service within either 25 miles or 40 minutes traveling time, via the shortest route on a paved road. If an alternative provider commences furnishing the good or service for which a patient was referred pursuant to this subdivision, the licensee shall cease referrals under this subdivision within six months of the time at which the licensee knew or

should have known that the alternative provider is furnishing the good or service. A licensee who refers to or seeks consultation from an organization in which the licensee has a financial interest under this subdivision shall disclose this interest to the patient or the patient's parents or legal guardian in writing at the time of referral.

(2) A lease of space or equipment between a licensee and the recipient of the referral, if the lease is written, has commercially reasonable terms, has a fixed periodic rent payment, has a term of one year or more, and the lease payments are not affected by either party's referral of any person or the volume of services provided by either party.

(3) Ownership of corporate investment securities, including shares, bonds, or other debt instruments that may be purchased on terms generally available to the public and that are traded on a licensed securities exchange or NASDAQ, do not base profit distributions or other transfers of value on the licensee's referral of persons to the corporation, do not have a separate class or accounting for any persons or for any licensees who may refer persons to the corporation, and are in a corporation that had, at the end of the corporation's most recent fiscal year, or on average during the previous three fiscal years, stockholder equity exceeding seventy-five million dollars (\$75,000,000).

(4) Ownership of shares in a regulated investment company as defined in Section 851(a) of the federal Internal Revenue Code, if the company had, at the end of the company's most recent fiscal year, or on average during the previous three fiscal years, total assets exceeding seventy-five million dollars (\$75,000,000).

(5) A one-time sale or transfer of a practice or property or other financial interest between a licensee and the recipient of the referral if the sale or transfer is for commercially reasonable terms and the consideration is not affected by either party's referral of any person or the volume of services provided by either party.

(6) A personal services arrangement between a licensee or an immediate family member of the licensee and the recipient of the referral if the arrangement meets all of the following requirements:

(A) It is set out in writing and is signed by the parties.

(E) The term of the arrangement is for at least one year.

(F) The compensation to be paid over the term of the arrangement is set in advance, does not exceed fair market value, and is not determined in a manner that takes into account the volume or value of any referrals or other business generated between the parties.

(G) The services to be performed under the arrangement do not involve the counseling or promotion of a business arrangement or other activity that violates any state or federal law.

(c) (1) A licensee may refer a person to a health facility, as defined in Section 1250 of the Health and Safety Code, or to any facility owned or leased by a health facility, if the recipient of the referral does not compensate the licensee for the patient referral, and any equipment lease arrangement between the licensee and the referral recipient complies with the requirements of paragraph (2) of subdivision (b).

For purposes of this paragraph, the ownership may be through stock or membership, and may be represented by a parent holding company that solely owns or controls both the health facility organization and the affiliated organization.
- (d) A licensee may refer a person to a nonprofit corporation that provides physician services pursuant to subdivision (l) of Section 1206 of the Health and Safety Code if the nonprofit corporation is controlled through membership by one or more health facilities or health facility systems and the amount of compensation or other transfer of funds from the health facility or nonprofit corporation to the licensee is fixed annually, except for adjustments caused by physicians joining or leaving the groups during the year, and is not based on the number of persons utilizing goods or services specified in Section 650.01.
- (e) A licensee compensated or employed by a university may refer a person for a physician service, to any facility owned or operated by the university, or to another licensee employed by the university, provided that the facility or university does not compensate the referring licensee for the patient referral. In the case of a facility that is totally or partially owned by an entity other than the university, but that is staffed by university physicians, those physicians may not refer patients to the facility if the facility compensates the referring physicians for those referrals.
- (f) The prohibition of Section 650.01 shall not apply to any service for a specific patient that is performed within, or goods that are supplied by, a licensee's office, or the office of a group practice. Further, the provisions of Section 650.01 shall not alter, limit, or expand a licensee's ability to deliver, or to direct or supervise the delivery of, in-office goods or services according to the laws, rules, and regulations governing his or her scope of practice.

(C) Use of any photograph or other image of an actual patient that depicts or purports to depict the results of any procedure, or presents "before" and "after" views of a patient, without specifying in a prominent location in easily readable type size what procedures were performed on that patient is a violation of subdivision (a). Any "before" and "after" views (i) shall be comparable in presentation so that the results are not distorted by favorable poses, lighting, or other features of presentation, and (ii) shall contain a statement that the same "before" and "after" results may not occur for all patients.

In connection with price advertising, the price for each product or service shall be clearly identifiable. The price advertised for products shall include charges for any related professional services, including dispensing and fitting services, unless the advertisement specifically and clearly indicates otherwise.
- (d) Any person so licensed shall not compensate or give anything of value to a representative of the press, radio, television, or other communication medium in anticipation of, or in return for, professional publicity unless the fact of compensation is made known in that publicity.

Each of the healing arts boards and committees and examining committees within Division 2 shall, by regulation, define those efficacious services to be advertised by businesses or professions under their jurisdiction for the purpose of determining whether advertisements are false or misleading. Until a definition for that service has been issued, no advertisement for that service shall be disseminated. However, if a definition of a service has not been issued by a board or committee within 120 days of receipt of a request from a licensee, all those holding the license may advertise the service. Those boards and committees shall adopt or modify regulations defining what services may be advertised, the manner in which defined services may be advertised, and restricting advertising that would promote the inappropriate or excessive use of health services or commodities. A board or committee shall not, by regulation, unreasonably prevent truthful, nondeceptive price or otherwise lawful forms of advertising of services or commodities, by either outright prohibition or imposition of onerous disclosure requirements. However, any member of a board or committee acting in good faith in the adoption or enforcement of any regulation shall be deemed to be acting as an agent of the state.

(j) The Attorney General shall commence legal proceedings in the appropriate forum to enjoin advertisements disseminated or about to be disseminated in violation of this section and seek other appropriate relief to enforce this section. Notwithstanding any other provision of law, the costs of enforcing this section to the respective licensing boards or committees may be awarded against any licensee found to be in violation of any provision of this section. This shall not diminish the power of district attorneys, county counsels, or city attorneys pursuant to existing law to seek appropriate relief.

(k) A physician and surgeon licensed pursuant to Chapter 5 (commencing with Section 2000) by the Medical Board of California or a doctor or podiatric medicine licensed pursuant to Article 22 (commencing with Section 2460) of Chapter 5 by the California Board of Podiatric Medicine who knowingly and intentionally violates this section may be cited and assessed an administrative fine not to exceed ten thousand dollars (\$10,000) per event. The written disclosure shall indicate that the patient may choose any clinical laboratory for purposes of having any laboratory work or assignment performed.

This section shall not apply to persons who are members of a medical group which contracts to provide medical care to members of a group practice prepayment plan registered under the Knox-Keene Health Care Service Act of 1975, Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code.

This section shall not apply to any referral to a clinical laboratory which is owned and operated by a health facility licensed pursuant to Chapter 2 (commencing with Section 1250) of Division 2 of the Health and Safety Code.

This section does not prohibit the acceptance of evaluation specimens for proficiency testing or referral of specimens or such assignment from one clinical laboratory to another clinical laboratory, either licensed or exempt under this chapter, providing the report indicates clearly the laboratory performing the test.

“Proprietary interest” does not include ownership of a building where space is leased to a clinical laboratory at the prevailing rate under a straight lease arrangement.

A violation of this section is a public offense and is punishable upon a first conviction by imprisonment in a county jail for not more than one year, or by imprisonment pursuant to subdivision (h) of Section 1170 of the Penal Code, or by a fine not exceeding ten thousand dollars (\$10,000), or by both that imprisonment and fine. A second or subsequent conviction shall be punishable by imprisonment pursuant to subdivision (h) of Section 1170 of the Penal Code.

(Amended by Stats. 2011, Ch. 15, § 4 (AB 109), eff. April 4, 2011. Operative October 1, 2011, by § 636 of Ch. 15, as amended by Stats. 2011, Ch. 39, § 68.)

§ 654.2 Prohibited Referrals and Billings

(a) It is unlawful for any person licensed under this division or under any initiative act referred to in this division to charge, bill, or otherwise solicit payment from a patient on behalf of, or refer a patient to, an organization in which the licensee, or the licensee’s immediate family, has a significant beneficial interest, unless the licensee first discloses in writing to the patient, that there is such an interest and advises the patient that the patient may choose any organization for the purpose of obtaining the services ordered or requested by the licensee.

(b) The disclosure requirements of subdivision (a) may be met by posting a conspicuous sign in an area which is likely to be seen by all patients who use the facility or by providing those patients with a written disclosure statement. Where referrals, billings, or other solicitations are between licensees who contract with multispecialty clinics pursuant to subdivision (l) of Section 1206 of the Health and Safety Code or who conduct their practice as members of the same professional corporation or partnership, and the services are rendered on the same physical premises, or under the same professional corporation or partnership name, the requirements of subdivision (a) may be met by posting a conspicuous disclosure statement at a single location which is a common area or registration area or by providing those patients with a written disclosure statement.

(c) On and after July 1, 1987, persons licensed under this division or under any initiative act referred to in this division shall disclose in writing to any third-party payer for the patient, when requested by the payer, organizations in which the licensee, or any member of the licensee’s immediate family, has a significant beneficial interest and to which patients are referred. The third-party payer shall not request this information from the provider more than once a year.

Nothing in this section shall be construed to serve as the sole basis for the denial or delay of payment of claims by third party payers.

(d) For the purposes of this section, the following terms have the following meanings:

(1) “Immediate family” includes the spouse and children of the licensee, the parents of the licensee and licensee’s spouse, and the spouses of the children of the licensee.

A third party payer does not include a prepaid capitated plan licensed under the Knox-Keene Health Care Service Plan Act of 1975 or Chapter 11a (commencing with Section 11491) of Part 2 of Division 2 of the Insurance Code.

(e) This section shall not apply to a "significant beneficial interest" which is limited to ownership of a building where the space is leased to the organization at the prevailing rate under a straight lease agreement or to any interest held in publicly traded stocks.

(f) (1) This section does not prohibit the acceptance of evaluation specimens for proficiency testing or referral of specimens or assignment from one clinical laboratory to another clinical laboratory, either licensed or exempt under this chapter, if the report indicates clearly the name of the laboratory performing the test.

(2) This section shall not apply to relationships governed by other provisions of this article nor is this section to be construed as permitting relationships or interests that are prohibited by existing law on the effective date of this section.

(3) The disclosure requirements of this section shall not be required to be given to any patient, customer, or his or her representative, if the licensee, organization, or entity is providing or arranging for health care services pursuant to a prepaid capitated contract with the State Department of Health Services.

(Amended by Stats. 1986, Ch. 881, § 1.)

- (b) (1) It is unlawful for a licensee, or employee or agent of that licensee, to arrange for or establish an open-end credit or loan that contains a deferred interest provision.

 - (B) Arranging for or establishing an open-end credit or loan that does any of the following:

 - (2) This subdivision does not apply to orthodontic treatment provided by a licensed dentist who may charge incremental fees throughout the course of treatment.
 - (d) It is unlawful for a licensee, or employee or agent of that licensee, to charge treatment or costs to an open-end credit or loan that is extended by a third party and that is arranged for, or established in, that licensee’s office without first providing the patient with a treatment plan, as required by subdivision (h), and a list of which treatment and services are being charged in advance of rendering treatment or incurring costs.
 - (e) It is unlawful for a licensee, or employee or agent of a licensee, to complete any portion of an application for credit or a loan extended by a third party for the patient or otherwise arrange for or establish an application that is not completely filled out by the patient.
 - (f) A licensee shall, within 15 business days of a patient’s request, refund to the lender any payment received through credit or a loan extended by a third party that is arranged for, or established in, that licensee’s office for treatment that has not been rendered or costs that have not been incurred.
 - (g) A licensee, or an employee or agent of that licensee, shall not arrange for or establish credit or a loan extended by a third party for a patient without first providing the following written or electronic notice, on one page or screen, respectively, in at least 14-point type, and obtaining a signature from the patient:

“Credit or Loan for Health Care Services

The attached application and information is for a credit card or loan to help you pay for your health care treatment. You should know that:

You are applying for a ____ credit card or a ____ loan for \$____.

You do not have to apply for the credit card or the loan. You may request a different place and additional time to review, fill out, and sign the application. You may pay your health care provider for treatment in another manner.

This credit card or loan is not a payment plan with the provider’s office. It is credit with, or a loan made by, [name of company issuing the credit card or loan]. Your health care provider does not work for this company.

Before applying for this credit card or loan, you have the right to a written treatment plan from your health care provider. This plan must include the expected treatment to be provided and the estimated costs of each service. If you have insurance, the treatment plan must tell you how much your insurance is expected to cover. If you are a Medi-Cal patient seeking services from a Medi-Cal provider, your treatment plan must tell you if Medi-Cal will cover a different service to treat your condition. If you only want services covered by Medi-Cal, you should not sign up for this credit card or loan.

Your health care provider cannot charge your credit card or loan account before you start treatment.

You have the right to have your credit card or loan account refunded for any charges for treatment you did not get. However, your provider does not have to refund the amount they spent to prepare for your treatment. Your health care provider must refund the amount of the charges to the lender within 15 business days of your request. The lender must take refunded charges off your account.

Please read carefully the terms and conditions of this credit card or loan.

You may be required to pay interest rates on the amount charged to the credit card or the amount of the loan. If you pay late, you may have to pay a penalty and a higher interest rate.

You may use this credit card or loan to pay for future health care services.

If you do not pay the money that you owe on the credit card or loan, your missed payments can be reported and could hurt your credit rating. You could also be sued.

[Patient’s Signature]”

(h) Before arranging for or establishing credit or a loan extended by a third party, a licensee shall give a patient a written treatment plan that complies with all of the following:

(1) The treatment plan shall include each anticipated service to be provided and the estimated cost of each service.

(2) If a patient is covered by a private or government medical benefit plan or medical insurance from which the licensee takes assignment of benefits, the treatment plan shall indicate the patient’s private or government-estimated share of cost for each service.

(3) If the licensee accepts Medi-Cal, the treatment plan for a Medi-Cal patient shall indicate if Medi-Cal would cover an alternate, medically necessary service as defined in Section 14059.5 of the Welfare and Institutions Code. The treatment plan shall indicate that the Medi-Cal patient has a right to ask for only services covered by Medi-Cal and that the licensee agrees to follow Medi-Cal rules to secure Medi-Cal covered services before treatment.

(4) If the licensee does not take assignment of benefits from a patient’s medical benefit plan or insurance, the treatment plan shall indicate that the treatment may or may not be covered by a patient’s medical benefit or insurance plan, and that the patient has the right to confirm medical benefit or insurance information from the patient’s plan, insurer, or employer before beginning treatment.

(i) A licensee, or an employee or agent of that licensee, shall not arrange for or establish credit or a loan extended by a third party for a patient with whom the licensee, or an employee or agent of that licensee, communicates primarily in a language other than English that is one of the Medi-Cal threshold languages, unless the written notice information required by subdivision (g) is also provided in that language.

(j) (1) A licensee, or an employee or agent of that licensee, shall not arrange for or establish credit or a loan that is extended by a third party for a patient under either of the following circumstances:

(A) The patient has been administered or is under the influence of general anesthesia, conscious sedation, or nitrous oxide.

(B) The patient is in a treatment area, including, but not limited to, an exam room, surgical room, or other area where medical treatment is administered, unless the patient agrees to fill out and sign the application to arrange for or establish credit or a loan in the treatment area.

(2) Paragraph (1) shall not apply to veterinary medicine. Any credit or loan application offered to an owner of an animal shall be filled out by the owner.

(k) A patient who suffers any damage as a result of the use or employment by any person of a method, act, or practice that willfully violates this section may seek the relief provided by Chapter 4 (commencing with Section 1780) of Title 1.5 of Part 4 of Division 3 of the Civil Code.

(l) The rights, remedies, and penalties set forth in this article are cumulative, and shall not supersede the rights, remedies, or penalties established under other laws.

(m) This section shall become operative on July 1, 2020.

(Repealed (in Sec. 1) and added by Stats. 2019, Ch. 856, Sec. 2. (SB 639) Effective January 1, 2020. Section operative July 1, 2020, by its own

provisions.)

§ 655.5 Solicitation of Payment for Laboratory Services

(a) It is unlawful for any person licensed under this division or under any initiative act referred to in this division, or any clinical laboratory, or any health facility when billing for a clinical laboratory of the facility, to charge, bill, or otherwise solicit payment from any patient, client, or customer for any clinical laboratory service not actually rendered by the person or clinical laboratory or under his, her or its direct supervision unless the patient, client, or customer is apprised at the first time of the charge, billing, or solicitation of the name, address, and charges of the clinical laboratory performing the service. The first such written charge, bill, or other solicitation of payment shall separately set forth the name, address, and charges of the clinical laboratory concerned and shall clearly show whether or not the charge is included in the total of the account, bill, or charge. This subdivision shall be satisfied if the required disclosures are made to the third-party payer of the patient, client, or customer. If the patient is responsible for submitting the bill for the charges to the third-party payer, the bill provided to the patient for that purpose shall include the disclosures required by this section. This subdivision shall not apply to a clinical laboratory of a health facility or a health facility when billing for a clinical laboratory of the facility nor to a person licensed under this division or under any initiative act referred to in this division if the standardized billing form used by the facility or person requires a summary entry for all clinical laboratory charges. For purposes of this subdivision, "health facility" has the same meaning as defined in Section 1250 of the Health and Safety Code.

(b) Commencing July 1, 1994, a clinical laboratory shall provide to each of its referring providers, upon request, a schedule of fees for services provided to patients of the referring provider. The schedule shall be provided within two working days after the clinical laboratory receives the request. For the purposes of this subdivision, a "referring provider" means any provider who has referred a patient to the clinical laboratory in the preceding six-month period. Commencing July 1, 1994, a clinical laboratory that provides a list of laboratory services to a referring provider or to a potential referring provider shall include a schedule of fees for the laboratory services listed.

(c) It is also unlawful for any person licensed under this division or under any initiative act referred to in this division to charge additional charges for any clinical laboratory service that is not actually rendered by the licensee to the patient and itemized in the charge, bill, or other solicitation of payment. This section shall not be construed to prohibit any of the following:

(1) Any itemized charge for any service actually rendered to the patient by the licensee.

(2) Any summary charge for services actually rendered to a patient by a health facility, as defined in Section 1250 of the Health and Safety Code, or by a person licensed under this division or under any initiative act referred to in this division if the standardized billing form used by the facility or person requires a summary entry for all clinical laboratory charges.

(d) As used in this section, the term "any person licensed under this division" includes a person licensed under paragraph (1) of subdivision (a) of Section 1265, all wholly owned subsidiaries of the person, a parent company that wholly owns the person, and any subsidiaries wholly owned by the same parent that wholly owns the person. "Wholly owned" means ownership directly or through one or more subsidiaries. This section shall not apply to billings by a person licensed under paragraph (1) of subdivision (a) of Section 1265 when the person licensed under paragraph (1) of subdivision (a) of Section 1265 bills for services performed by any laboratory owned or operated by the person licensed under paragraph (1) of subdivision (a) of Section 1265.

(e) This section shall not apply to any person or clinical laboratory who or which contracts directly with a health care service plan licensed pursuant to Section 1349 of the Health and Safety Code, if the services are to be provided to members of the plan on a prepaid basis and without additional charge or liability on account thereof.

(f) A violation of this section is a public offense and is punishable upon a first conviction by imprisonment in a county jail for not more than one year, or by imprisonment pursuant to subdivision (h) of Section 1170 of the Penal Code, or by a fine not exceeding ten thousand dollars (\$10,000), or by both that imprisonment and fine. A second or subsequent conviction is punishable by imprisonment pursuant to subdivision (h) of Section 1170 of the Penal Code.

(g) (1) Notwithstanding subdivision (f), a violation of this section by a physician and surgeon for a first offense shall be subject to the exclusive remedy of reprimand by the Medical Board of California if the transaction that is the subject of the violation involves a charge for a clinical laboratory service that is less than the charge would

have been if the clinical laboratory providing the service billed a patient, client, or customer directly for the clinical laboratory service, and if that clinical laboratory charge is less than the charge listed in the clinical laboratory's schedule of fees pursuant to subdivision (b).

(2) Nothing in this subdivision shall be construed to permit a physician and surgeon to charge more than he or she was charged for the laboratory service by the clinical laboratory providing the service unless the additional charge is for service actually rendered by the physician and surgeon to the patient.

(Amended by Stats. 2011, Ch. 15, Sec. 5. (AB 109) Effective April 4, 2011. Operative October 1, 2011, by Sec. 636 of Ch. 15, as amended by Stats. 2011, Ch. 39, Sec. 68.)

§ 680 Name Tags; Display

(a) Except as otherwise provided in this section, a health care practitioner shall disclose, while working, his or her name and practitioner's license status, as granted by this state, on a name tag in at least 18-point type. A health care practitioner in a practice or an office, whose license is prominently displayed, may opt to not wear a name tag. If a health care practitioner or a licensed clinical social worker is working in a psychiatric setting or in a setting that is not licensed by the state, the employing entity or agency shall have the discretion to make an exception from the name tag requirement for individual safety or therapeutic concerns. In the interest of public safety and consumer awareness, it shall be unlawful for any person to use the title "nurse" in reference to himself or herself and in any capacity, except for an individual who is a registered nurse or a licensed vocational nurse, or as otherwise provided in Section 2800. Nothing in this section shall prohibit a certified nurse assistant from using his or her title.

(b) Facilities licensed by the State Department of Social Services, the State Department of Public Health, or the State Department of Health Care Services shall develop and implement policies to ensure that health care practitioners providing care in those facilities are in compliance with subdivision (a). The State Department of Social Services, the State Department of Public Health, and the State Department of Health Care Services shall verify through periodic inspections that the policies required pursuant to subdivision (a) have been developed and implemented by the respective licensed facilities.

(c) For purposes of this article, "health care practitioner" means any person who engages in acts that are the subject of licensure or regulation under this division or under any initiative act referred to in this division.

(Amended by Stats. 2013, Ch. 23, § 1 (AB 82), eff. June 27, 2013.)

(10) The prescription that is issued includes elements not covered by the latest version of the National Council for Prescription Drug Programs' SCRIPT standard, as amended from time to time.

(11) (A) The prescriber registers with the California State Board of Pharmacy in a manner and format determined by the board, stating that they meet one or more of the following criteria:

(2) If a pharmacy is prohibited from transferring or forwarding electronic data transmission prescriptions, as specified in paragraph (1), to a designated alternative pharmacy, and that prohibition is subsequently removed, then that pharmacy shall implement, within one year from the date the prohibition is removed, the necessary provisions to allow for the transferring or forwarding of an electronic data transmission prescription.

(i) A pharmacist who receives a written, oral, or faxed prescription shall not be required to verify that the prescription properly falls under one of the exceptions in subdivision (e). (2) Nothing in this subdivision shall be construed to modify either the content of a report required under this section or the timeframe for filing that report.

(k) For purposes of this section, "licensee" means a licensee of the Medical Board of California, the Osteopathic Medical Board of California, the California Board of Podiatric Medicine, or the Physician Assistant Board.

§ 802.5 Coroner’s Report

(a) When a coroner receives information that is based on findings that were reached by, or documented and approved by a board-certified or board-eligible pathologist indicating that a death may be the result of a physician and surgeon’s, podiatrist’s, or physician assistant’s gross negligence or incompetence, a report shall be filed with the Medical Board of California, the Osteopathic Medical Board of California, the California Board of Podiatric Medicine, or the Physician Assistant Board. The initial report shall include the name of the decedent, date and place of death, attending physicians or podiatrists, and all other relevant information available. The initial report shall be followed, within 90 days, by copies of the coroner’s report, autopsy protocol, and all other relevant information.

(b) The report required by this section shall be confidential. No coroner, physician and surgeon, or medical examiner, nor any authorized agent, shall be liable for damages in any civil action as a result of his or her acting in compliance with this section. No board-certified or board-eligible pathologist, nor any authorized agent, shall be liable for damages in any civil action as a result of his or her providing information under subdivision (a).

(Amended by Stats. 2012, Ch. 332, § 4 (SB 1236), eff. January 1, 2013.)

§ 803 Report of Crime or Liability for Death

(a) Except as provided in subdivision (b), within 10 days after a judgment by a court of this state that a person who holds a license, certificate, or other similar authority from the Board of Behavioral Sciences or from an agency mentioned in subdivision (a) of Section 800 (except a person licensed pursuant to Chapter 3 (commencing with Section 1200)) has committed a crime, or is liable for any death or personal injury resulting in a judgment for an amount in excess of thirty thousand dollars (\$30,000) caused by his or her negligence, error or omission in practice, or his or her rendering unauthorized professional services, the clerk of the court that rendered the judgment shall report that fact to the agency that issued the license, certificate, or other similar authority.

(b) For purposes of a physician and surgeon, osteopathic physician and surgeon, doctor of podiatric medicine, or physician assistant, who is liable for any death or personal injury resulting in a judgment of any amount caused by his or her negligence, error or omission in practice, or his or her rendering unauthorized professional services, the clerk of the court that rendered the judgment shall report that fact to the agency that issued the license.

(Amended by Stats. 2012, Ch. 332, § 5 (SB 1236), eff. January 1, 2013.)

§ 803.1 Public Disclosure Information

(a) Notwithstanding any other law, the Medical Board of California, the Osteopathic Medical Board of California, the California Board of Podiatric Medicine, and the Physician Assistant Board shall disclose to an inquiring member of the public information regarding any enforcement actions taken against a licensee, including a former licensee, by the board or by another state or jurisdiction, including all of the following:

- (1) Temporary restraining orders issued.
- (2) Interim suspension orders issued.
- (3) Revocations, suspensions, probations, or limitations on practice ordered by the board, including those made part of a probationary order or stipulated agreement.
- (4) Public letters of reprimand issued.
- (5) Infractions, citations, or fines imposed.

(b) Notwithstanding any other law, in addition to the information provided in subdivision (a), the Medical Board of California, the Osteopathic Medical Board of California, the California Board of Podiatric Medicine, and the Physician Assistant Board shall disclose to an inquiring member of the public all of the following:

- (1) Civil judgments in any amount, whether or not vacated by a settlement after entry of the judgment, that were not reversed on appeal and arbitration awards in any amount of a claim or action for damages for death or personal injury caused by the licensee’s negligence, error, or omission in practice, or by rendering unauthorized professional services.

(2) (A) All settlements in the possession, custody, or control of the board shall be disclosed for a licensee in the low-risk category if there are three or more settlements for that licensee within the last 10 years, except for settlements by a licensee regardless of the amount paid where (i) the settlement is made as a part of the settlement of a class claim, (ii) the licensee paid in settlement of the class claim the same amount as the other licensees in the same class or similarly situated licensees in the same class, and (iii) the settlement was paid in the context of a case where the complaint that alleged class liability on behalf of the licensee also alleged a products liability class action cause of action. All settlements in the possession, custody, or control of the board shall be disclosed for a licensee in the high-risk category if there are four or more settlements for that licensee within the last 10 years except for settlements by a licensee regardless of the amount paid where (i) the settlement is made as a part of the settlement of a class claim, (ii) the licensee paid in settlement of the class claim the same amount as the other licensees in the same class or similarly situated licensees in the same class, and (iii) the settlement was paid in the context of a case where the complaint that alleged class liability on behalf of the licensee also alleged a products liability class action cause of action. Classification of a licensee in either a “high-risk category” or a “low-risk category” depends upon the specialty or subspecialty practiced by the licensee and the designation assigned to that specialty or subspecialty by the Medical Board of California, as described in subdivision (f). For the purposes of this paragraph, “settlement” means a settlement of an action described in paragraph (1) entered into by the licensee on or after January 1, 2003, in an amount of thirty thousand dollars (\$30,000) or more.

(B) The board shall not disclose the actual dollar amount of a settlement but shall put the number and amount of the settlement in context by doing the following:

(i) Comparing the settlement amount to the experience of other licensees within the same specialty or subspecialty, indicating if it is below average, average, or above average for the most recent 10-year period.

(ii) Reporting the number of years the licensee has been in practice.

(iii) Reporting the total number of licensees in that specialty or subspecialty, the number of those who have entered into a settlement agreement and the percentage that number represents of the total number of licensees in the specialty or subspecialty.

(3) Current American Board of Medical Specialties certification or board equivalent as certified by the Medical Board of California, the Osteopathic Medical Board of California, or the California Board of Podiatric Medicine.

(4) Approved postgraduate training.

(5) Status of the license of a licensee. By January 1, 2004, the Medical Board of California, the Osteopathic Medical Board of California, and the California Board of Podiatric Medicine shall adopt regulations defining the status of a licensee. The board shall employ this definition when disclosing the status of a licensee pursuant to Section 2027.

(6) Any summaries of hospital disciplinary actions that result in the termination or revocation of a licensee’s staff privileges for medical disciplinary cause or reason, unless a court finds, in a final judgment, that the peer review resulting in the disciplinary action was conducted in bad faith and the licensee notifies the board of that finding. In addition, any exculpatory or explanatory statements submitted by the licensee electronically pursuant to subdivision (f) of Section 805 shall be disclosed. For purposes of this paragraph, “peer review” has the same meaning as defined in Section 805.

(c) Notwithstanding any other law, the Medical Board of California, the Osteopathic Medical Board of California, the California Board of Podiatric Medicine, and the Physician Assistant Board shall disclose to an inquiring member of the public information received regarding felony convictions of a licensee.

(d) The Medical Board of California, the Osteopathic Medical Board of California, the California Board of Podiatric Medicine, and the Physician Assistant Board may formulate appropriate disclaimers or explanatory statements to be included with any information released, and may by regulation establish categories of information that need not be disclosed to an inquiring member of the public because that information is unreliable or not sufficiently related to the licensee’s professional practice. The Medical Board of California, the Osteopathic Medical Board of California, the California Board of Podiatric Medicine, and the Physician Assistant Board shall include the following statement when disclosing information concerning a settlement:

“Some studies have shown that there is no significant correlation between malpractice history and a licensee’s competence. At the same time, the State of California believes that consumers should have access to malpractice

information. In these profiles, the State of California has given you information about both the malpractice settlement history for the licensee's specialty and the licensee's history of settlement payments only if in the last 10 years, the licensee, if in a low-risk specialty, has three or more settlements or the licensee, if in a high-risk specialty, has four or more settlements. The State of California has excluded some class action lawsuits because those cases are commonly related to systems issues such as product liability, rather than questions of individual professional competence and because they are brought on a class basis where the economic incentive for settlement is great. The State of California has placed payment amounts into three statistical categories: below average, average, and above average compared to others in the licensee's specialty. To make the best health care decisions, you should view this information in perspective. You could miss an opportunity for high-quality care by selecting a licensee based solely on malpractice history.

When considering malpractice data, please keep in mind:

Malpractice histories tend to vary by specialty. Some specialties are more likely than others to be the subject of litigation. This report compares licensees only to the members of their specialty, not to all licensees, in order to make an individual doctor's history more meaningful.

This report reflects data only for settlements made on or after January 1, 2003. Moreover, it includes information concerning those settlements for a 10-year period only. Therefore, you should know that a licensee may have made settlements in the 10 years immediately preceding January 1, 2003, that are not included in this report. After January 1, 2013, for licensees practicing less than 10 years, the data covers their total years of practice. You should take into account the effective date of settlement disclosure as well as how long the licensee has been in practice when considering malpractice averages.

The incident causing the malpractice claim may have happened years before a payment is finally made. Sometimes, it takes a long time for a malpractice lawsuit to settle. Some licensees work primarily with high-risk patients. These licensees may have malpractice settlement histories that are higher than average because they specialize in cases or patients who are at very high risk for problems.

Settlement of a claim may occur for a variety of reasons that do not necessarily reflect negatively on the professional competence or conduct of the licensee. A payment in settlement of a medical malpractice action or claim should not be construed as creating a presumption that medical malpractice has occurred.

You may wish to discuss information in this report and the general issue of malpractice with the licensee."

(e) The Medical Board of California, the Osteopathic Medical Board of California, the California Board of Podiatric Medicine, and the Physician Assistant Board shall, by regulation, develop standard terminology that accurately describes the different types of disciplinary filings and actions to take against a licensee as described in paragraphs (1) to (5), inclusive, of subdivision (a). In providing the public with information about a licensee via the internet pursuant to Section 2027, the Medical Board of California, the Osteopathic Medical Board of California, the California Board of Podiatric Medicine, and the Physician Assistant Board shall not use the terms "enforcement," "discipline," or similar language implying a sanction unless the licensee has been the subject of one of the actions described in paragraphs (1) to (5), inclusive, of subdivision (a).

(f) The Medical Board of California shall adopt regulations no later than July 1, 2003, designating each specialty and subspecialty practice area as either high risk or low risk. In promulgating these regulations, the board shall consult with commercial underwriters of medical malpractice insurance companies, health care systems that self-insure physicians and surgeons, and representatives of the California medical specialty societies. The board shall utilize the carriers' statewide data to establish the two risk categories and the averages required by subparagraph (B) of paragraph (2) of subdivision (b). Prior to issuing regulations, the board shall convene public meetings with the medical malpractice carriers, self-insurers, and specialty representatives.

(g) The Medical Board of California, the Osteopathic Medical Board of California, the California Board of Podiatric Medicine, and the Physician Assistant Board shall provide each licensee, including a former licensee under subdivision (a), with a copy of the text of any proposed public disclosure authorized by this section prior to release of the disclosure to the public. The licensee shall have 10 working days from the date the board provides the copy of the proposed public disclosure to propose corrections of factual inaccuracies. Nothing in this section shall prevent the board from disclosing information to the public prior to the expiration of the 10-day period.

(h) Pursuant to subparagraph (A) of paragraph (2) of subdivision (b), the specialty or subspecialty information required by this section shall group licensees by specialty board recognized pursuant to paragraph (5) of subdivision (h) of Section 651 unless a different grouping would be more valid and the board, in its statement of reasons for its regulations, explains why the validity of the grouping would be more valid.

(Amended by Stats. 2019, Ch. 456, § 1 (SB 786), eff. January 1, 2020.)

§ 803.5 Notice to Board of Filing Charging Licensee with Felony

(a) The district attorney, city attorney, or other prosecuting agency shall notify the Medical Board of California, the Osteopathic Medical Board of California, the California Board of Podiatric Medicine, the State Board of Chiropractic Examiners, the Physician Assistant Board, or other appropriate allied health board, and the clerk of the court in which the charges have been filed, of any filings against a licensee of that board charging a felony immediately upon obtaining information that the defendant is a licensee of the board. The notice shall identify the licensee and describe the crimes charged and the facts alleged. The prosecuting agency shall also notify the clerk of the court in which the action is pending that the defendant is a licensee, and the clerk shall record prominently in the file that the defendant holds a license from one of the boards described above.

(b) The clerk of the court in which a licensee of one of the boards is convicted of a crime shall, within 48 hours after the conviction, transmit a certified copy of the record of conviction to the applicable board.

(Amended by Stats. 2012, Ch. 332, § 7 (SB 1236), eff. January 1, 2013.)

§ 803.6 Transmittal of Felony Preliminary Hearing Transcript

(a) The clerk of the court shall transmit any felony preliminary hearing transcript concerning a defendant licensee to the Medical Board of California, the Osteopathic Medical Board of California, the California Board of Podiatric Medicine, the Physician Assistant Board, or other appropriate allied health board, as applicable, where the total length of the transcript is under 800 pages and shall notify the appropriate board of any proceeding where the transcript exceeds that length.

(b) In any case where a probation report on a licensee is prepared for a court pursuant to Section 1203 of the Penal Code, a copy of that report shall be transmitted by the probation officer to the board.

(Amended by Stats. 2012, Ch. 332, § 8 (SB 1236), eff. January 1, 2013.)

§ 804 Form and Content of Reports

(a) Any agency to whom reports are to be sent under Section 801, 801.1, 802, or 803, may develop a prescribed form for the making of the reports, usage of which it may, but need not, by regulation, require in all cases.

(b) A report required to be made by Sections 801, 801.1, or 802 shall be deemed complete only if it includes the following information: (1) the name and last known business and residential addresses of every plaintiff or claimant involved in the matter, whether or not each plaintiff or claimant recovered anything; (2) the name and last known business and residential addresses of every physician or provider of health care services who was claimed or alleged to have acted improperly, whether or not that person was a named defendant and whether or not any recovery or judgment was had against that person; (3) the name, address, and principal place of business of every insurer providing professional liability insurance as to any person named in (2), and the insured's policy number; (4) the name of the court in which the action or any part of the action was filed along with the date of filing and docket number of each action; (5) a brief description or summary of the facts upon which each claim, charge or judgment rested including the date of occurrence; (6) the names and last known business and residential addresses of every person who acted as counsel for any party in the litigation or negotiations, along with an identification of the party whom said person represented; (7) the date and amount of final judgment or settlement; and (8) any other information the agency to whom the reports are to be sent may, by regulation, require.

(c) Every person named in the report, who is notified by the board within 60 days of the filing of the report, shall maintain for the period of three years from the filing of the report any records he or she has as to the matter in question and shall make those available upon request to the agency with which the report was filed.

(Amended by Stats. 2006, Ch. 223, § 14, eff. January 1, 2007.)

§ 805 Peer Review: Reports

(a) As used in this section, the following terms have the following definitions:

(1) (A) “Peer review” means both of the following:

(i) A process in which a peer review body reviews the basic qualifications, staff privileges, employment, medical outcomes, or professional conduct of licentiates to make recommendations for quality improvement and education, if necessary, in order to do either or both of the following:

(I) Determine whether a licentiate may practice or continue to practice in a health care facility, clinic, or other setting providing medical services, and, if so, to determine the parameters of that practice.

(II) Assess and improve the quality of care rendered in a health care facility, clinic, or other setting providing medical services.

(ii) Any other activities of a peer review body as specified in subparagraph (B).

(B) “Peer review body” includes:

(i) A medical or professional staff of any health care facility or clinic licensed under Division 2 (commencing with Section 1200) of the Health and Safety Code or of a facility certified to participate in the federal Medicare program as an ambulatory surgical center.

(ii) A health care service plan licensed under Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code or a disability insurer that contracts with licentiates to provide services at alternative rates of payment pursuant to Section 10133 of the Insurance Code.

(iii) Any medical, psychological, marriage and family therapy, social work, professional clinical counselor, dental, midwifery, or podiatric professional society having as members at least 25 percent of the eligible licentiates in the area in which it functions (which must include at least one county), which is not organized for profit and which has been determined to be exempt from taxes pursuant to Section 23701 of the Revenue and Taxation Code.

(iv) A committee organized by any entity consisting of or employing more than 25 licentiates of the same class that functions for the purpose of reviewing the quality of professional care provided by members or employees of that entity.

(2) “Licentiate” means a physician and surgeon, doctor of podiatric medicine, clinical psychologist, marriage and family therapist, clinical social worker, professional clinical counselor, dentist, licensed midwife, or physician assistant. “Licentiate” also includes a person authorized to practice medicine pursuant to Section 2113 or 2168.

(3) “Agency” means the relevant state licensing agency having regulatory jurisdiction over the licentiates listed in paragraph (2).

(4) “Staff privileges” means any arrangement under which a licentiate is allowed to practice in or provide care for patients in a health facility. Those arrangements shall include, but are not limited to, full staff privileges, active staff privileges, limited staff privileges, auxiliary staff privileges, provisional staff privileges, temporary staff privileges, courtesy staff privileges, locum tenens arrangements, and contractual arrangements to provide professional services, including, but not limited to, arrangements to provide outpatient services.

(5) “Denial or termination of staff privileges, membership, or employment” includes failure or refusal to renew a contract or to renew, extend, or reestablish any staff privileges, if the action is based on medical disciplinary cause or reason.

(6) “Medical disciplinary cause or reason” means that aspect of a licentiate’s competence or professional conduct that is reasonably likely to be detrimental to patient safety or to the delivery of patient care.

(7) “805 report” means the written report required under subdivision (b).

(b) The chief of staff of a medical or professional staff or other chief executive officer, medical director, or administrator of any peer review body and the chief executive officer or administrator of any licensed health care facility or clinic shall file an 805 report with the relevant agency within 15 days after the effective date on which any of the following occur as a result of an action of a peer review body:

- (1) A licentiate's application for staff privileges or membership is denied or rejected for a medical disciplinary cause or reason.
 - (2) A licentiate's membership, staff privileges, or employment is terminated or revoked for a medical disciplinary cause or reason.
 - (3) Restrictions are imposed, or voluntarily accepted, on staff privileges, membership, or employment for a cumulative total of 30 days or more for any 12-month period, for a medical disciplinary cause or reason.
- (c) If a licentiate takes any action listed in paragraph (1), (2), or (3) after receiving notice of a pending investigation initiated for a medical disciplinary cause or reason or after receiving notice that his or her application for membership or staff privileges is denied or will be denied for a medical disciplinary cause or reason, the chief of staff of a medical or professional staff or other chief executive officer, medical director, or administrator of any peer review body and the chief executive officer or administrator of any licensed health care facility or clinic where the licentiate is employed or has staff privileges or membership or where the licentiate applied for staff privileges or membership, or sought the renewal thereof, shall file an 805 report with the relevant agency within 15 days after the licentiate takes the action.

 - (2) Withdraws or abandons his or her application for staff privileges or membership.
 - (3) Withdraws or abandons his or her request for renewal of staff privileges or membership.
- (d) For purposes of filing an 805 report, the signature of at least one of the individuals indicated in subdivision (b) or (c) on the completed form shall constitute compliance with the requirement to file the report.
- (e) An 805 report shall also be filed within 15 days following the imposition of summary suspension of staff privileges, membership, or employment, if the summary suspension remains in effect for a period in excess of 14 days.
- (f) A copy of the 805 report, and a notice advising the licentiate of his or her right to submit additional statements or other information, electronically or otherwise, pursuant to Section 800, shall be sent by the peer review body to the licentiate named in the report. The notice shall also advise the licentiate that information submitted electronically will be publicly disclosed to those who request the information.

The information to be reported in an 805 report shall include the name and license number of the licentiate involved, a description of the facts and circumstances of the medical disciplinary cause or reason, and any other relevant information deemed appropriate by the reporter.

A supplemental report shall also be made within 30 days following the date the licentiate is deemed to have satisfied any terms, conditions, or sanctions imposed as disciplinary action by the reporting peer review body. In performing its dissemination functions required by Section 805.5, the agency shall include a copy of a supplemental report, if any, whenever it furnishes a copy of the original 805 report.

If another peer review body is required to file an 805 report, a health care service plan is not required to file a separate report with respect to action attributable to the same medical disciplinary cause or reason. If the Medical Board of California or a licensing agency of another state revokes or suspends, without a stay, the license of a physician and surgeon, a peer review body is not required to file an 805 report when it takes an action as a result of the revocation or suspension. If the California Board of Podiatric Medicine or a licensing agency of another state revokes or suspends, without a stay, the license of a doctor of podiatric medicine, a peer review body is not required to file an 805 report when it takes an action as a result of the revocation or suspension.

(g) The reporting required by this section shall not act as a waiver of confidentiality of medical records and committee reports. The information reported or disclosed shall be kept confidential except as provided in subdivision (c) of Section 800 and Sections 803.1 and 2027, provided that a copy of the report containing the information required by this section may be disclosed as required by Section 805.5 with respect to reports received on or after January 1, 1976.

(h) The Medical Board of California, the California Board of Podiatric Medicine, the Osteopathic Medical Board of California, and the Dental Board of California shall disclose reports as required by Section 805.5.

(i) An 805 report shall be maintained electronically by an agency for dissemination purposes for a period of three years after receipt.

(j) No person shall incur any civil or criminal liability as the result of making any report required by this section.

(k) A willful failure to file an 805 report by any person who is designated or otherwise required by law to file an 805 report is punishable by a fine not to exceed one hundred thousand dollars (\$100,000) per violation. The fine may be imposed in any civil or administrative action or proceeding brought by or on behalf of any agency having regulatory jurisdiction over the person regarding whom the report was or should have been filed. If the person who is designated or otherwise required to file an 805 report is a licensed physician and surgeon, the action or proceeding shall be brought by the Medical Board of California. If the person who is designated or otherwise required to file an 805 report is a licensed doctor of podiatric medicine, the action or proceeding shall be brought by the California Board of Podiatric Medicine. The fine shall be paid to that agency but not expended until appropriated by the Legislature. A violation of this subdivision may constitute unprofessional conduct by the licentiate. A person who is alleged to have violated this subdivision may assert any defense available at law. As used in this subdivision, "willful" means a voluntary and intentional violation of a known legal duty.

(l) Except as otherwise provided in subdivision (k), any failure by the administrator of any peer review body, the chief executive officer or administrator of any health care facility, or any person who is designated or otherwise required by law to file an 805 report, shall be punishable by a fine that under no circumstances shall exceed fifty thousand dollars (\$50,000) per violation. The fine may be imposed in any civil or administrative action or proceeding brought by or on behalf of any agency having regulatory jurisdiction over the person regarding whom the report was or should have been filed. If the person who is designated or otherwise required to file an 805 report is a licensed physician and surgeon, the action or proceeding shall be brought by the Medical Board of California. If the person who is designated or otherwise required to file an 805 report is a licensed doctor of podiatric medicine, the action or proceeding shall be brought by the California Board of Podiatric Medicine. The fine shall be paid to that agency but not expended until appropriated by the Legislature. The amount of the fine imposed, not exceeding fifty thousand dollars (\$50,000) per violation, shall be proportional to the severity of the failure to report and shall differ based upon written findings, including whether the failure to file caused harm to a patient or created a risk to patient safety; whether the administrator of any peer review body, the chief executive officer or administrator of any health care facility, or any person who is designated or otherwise required by law to file an 805 report exercised due diligence despite the failure to file or whether they knew or should have known that an 805 report would not be filed; and whether there has been a prior failure to file an 805 report. The amount of the fine imposed may also differ based on whether a health care facility is a small or rural hospital as defined in Section 124840 of the Health and Safety Code.

(m) A health care service plan licensed under Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code or a disability insurer that negotiates and enters into a contract with licentiates to provide services at alternative rates of payment pursuant to Section 10133 of the Insurance Code, when determining participation with the plan or insurer, shall evaluate, on a case-by-case basis, licentiates who are the subject of an 805 report, and not automatically exclude or deselect these licentiates.

(Amended by Stats. 2017, Ch. 775, § 11 (SB 798), eff. January 1, 2018.)

(3) Restrictions are imposed, or voluntarily accepted, on staff privileges, membership, or employment for a cumulative total of 30 days or more for any 12-month period, for a medical disciplinary cause or reason.

(c) If a licentiate takes any action listed in paragraph (1), (2), or (3) after receiving notice of a pending investigation

initiated for a medical disciplinary cause or reason or after receiving notice that their application for membership or staff privileges is denied or will be denied for a medical disciplinary cause or reason, the chief of staff of a medical or professional staff or other chief executive officer, medical director, or administrator of any peer review body and the chief executive officer or administrator of any licensed health care facility or clinic where the licentiate is employed or has staff privileges or membership or where the licentiate applied for staff privileges or membership, or sought the renewal thereof, shall file an 805 report with the relevant agency within 15 days after the licentiate takes the action.

The notice shall also advise the licentiate that information submitted electronically will be publicly disclosed to those who request the information.
- (2) The information to be reported in an 805 report shall include the name and license number of the licentiate involved, a description of the facts and circumstances of the medical disciplinary cause or reason, and any other relevant information deemed appropriate by the reporter.
- (3) A supplemental report shall also be made within 30 days following the date the licentiate is deemed to have satisfied any terms, conditions, or sanctions imposed as disciplinary action by the reporting peer review body. In performing its dissemination functions required by Section 805.5, the agency shall include a copy of a supplemental report, if any, whenever it furnishes a copy of the original 805 report.
- (4) If another peer review body is required to file an 805 report, a health care service plan is not required to file a separate report with respect to action attributable to the same medical disciplinary cause or reason. If the Medical Board of California or a licensing agency of another state revokes or suspends, without a stay, the license of a physician and surgeon, a peer review body is not required to file an 805 report when it takes an action as a result of the revocation or suspension. If the California Board of Podiatric Medicine or a licensing agency of another state revokes or suspends, without a stay, the license of a doctor of podiatric medicine, a peer review body is not required to file an 805 report when it takes an action as a result of the revocation or suspension. - (h) The Medical Board of California, the California Board of Podiatric Medicine, the Osteopathic Medical Board of California, the Dental Board of California, and the Board of Registered Nursing shall disclose reports as required by Section 805.5.
- (i) An 805 report shall be maintained electronically by an agency for dissemination purposes for a period of three years after receipt.

- (j) No person shall incur any civil or criminal liability as the result of making any report required by this section.
- (k) A willful failure to file an 805 report by any person who is designated or otherwise required by law to file an 805 report is punishable by a fine not to exceed one hundred thousand dollars (\$100,000) per violation. The fine may be imposed in any civil or administrative action or proceeding brought by or on behalf of any agency having regulatory jurisdiction over the person regarding whom the report was or should have been filed. If the person who is designated or otherwise required to file an 805 report is a licensed physician and surgeon, the action or proceeding shall be brought by the Medical Board of California. If the person who is designated or otherwise required to file an 805 report is a licensed doctor of podiatric medicine, the action or proceeding shall be brought by the California Board of Podiatric Medicine. If the person who is designated or otherwise required to file an 805 report is a licensed nurse practitioner, the action or proceeding shall be brought by the Board of Registered Nursing. - (l) Except as otherwise provided in subdivision (k), any failure by the administrator of any peer review body, the chief executive officer or administrator of any health care facility, or any person who is designated or otherwise required by law to file an 805 report, shall be punishable by a fine that under no circumstances shall exceed fifty thousand dollars (\$50,000) per violation. The fine may be imposed in any civil or administrative action or proceeding brought by or on behalf of any agency having regulatory jurisdiction over the person regarding whom the report was or should have been filed. If the person who is designated or otherwise required to file an 805 report is a licensed physician and surgeon, the action or proceeding shall be brought by the Medical Board of California. If the person who is designated or otherwise required to file an 805 report is a licensed doctor of podiatric medicine, the action or proceeding shall be brought by the California Board of Podiatric Medicine. If the person who is designated or otherwise required to file an 805 report is a licensed nurse practitioner, the action or proceeding shall be brought by the Board of Registered Nursing. The fine shall be paid to that agency but not expended until appropriated by the Legislature. The amount of the fine imposed, not exceeding fifty thousand dollars (\$50,000) per violation, shall be proportional to the severity of the failure to report and shall differ based upon written findings, including whether the failure to file caused harm to a patient or created a risk to patient safety; whether the administrator of any peer review body, the chief executive officer or administrator of any health care facility, or any person who is designated or otherwise required by law to file an 805 report exercised due diligence despite the failure to file or whether they knew or should have known that an 805 report would not be filed; and whether there has been a prior failure to file an 805 report. The amount of the fine imposed may also differ based on whether a health care facility is a small or rural hospital as defined in Section 124840 of the Health and Safety Code.

The board shall convene a disciplinary hearing to revoke the license or certificate and an order of revocation shall be issued unless the board finds mitigating circumstances to order some other disposition.

(3) It is the intent of the Legislature that paragraph (2) apply to a licensee or certificate holder who has one or more convictions prior to January 1, 2004, as provided in this subdivision.

(A) A "community clinic" means a clinic operated by a tax-exempt nonprofit corporation that is supported and maintained in whole or in part by donations, bequests, gifts, grants, government funds or contributions that may be in the form of money, goods, or services. In a community clinic, any charges to the patient shall be based on the patient's ability to pay, utilizing a sliding fee scale. No corporation other than a nonprofit corporation, exempt from federal income taxation under paragraph (3) of subsection (c) of Section 501 of the Internal Revenue Code of 1954 as amended, or a statutory successor thereof, shall operate a community clinic; provided, that the licensee of any community clinic so licensed on the effective date of this section shall not be required to obtain tax-exempt status under either federal or state law in order to be eligible for, or as a condition of, renewal of its license. No natural person or persons shall operate a community clinic.

(B) A "free clinic" means a clinic operated by a tax-exempt, nonprofit corporation supported in whole or in part by voluntary donations, bequests, gifts, grants, government funds or contributions that may be in the form of money, goods, or services. No corporation other than a nonprofit corporation exempt from federal income taxation under paragraph (3) of subsection (c) of Section 501 of the Internal Revenue Code of 1954 as amended, or a statutory successor thereof, shall operate a free clinic; provided, that the licensee of any free clinic so licensed on the effective date of this section shall not be required to obtain tax-exempt status

under either federal or state law in order to be eligible for, or as a condition of, renewal of its license. No natural person or persons shall operate a free clinic.

(2) Nothing in this subdivision shall prohibit a community clinic or a free clinic from providing services to patients whose services are reimbursed by third-party payers, or from entering into managed care contracts for services provided to private or public health plan subscribers, as long as the clinic meets the requirements identified in subparagraphs (A) and (B). For purposes of this subdivision, any payments made to a community clinic by a third-party payer, including, but not limited to, a health care service plan, shall not constitute a charge to the patient. This paragraph is a clarification of existing law.

(b) The following types of specialty clinics shall be eligible for licensure as specialty clinics pursuant to this chapter:

(1) A “surgical clinic” means a clinic that is not part of a hospital and that provides ambulatory surgical care for patients who remain less than 24 hours. A surgical clinic does not include any place or establishment owned or leased and operated as a clinic or office by one or more physicians or dentists in individual or group practice, regardless of the name used publicly to identify the place or establishment, provided, however, that physicians or dentists may, at their option, apply for licensure.

(2) A “chronic dialysis clinic” means a clinic that provides less than 24-hour care for the treatment of patients with end-stage renal disease, including renal dialysis services.

(3) A “rehabilitation clinic” means a clinic that, in addition to providing medical services directly, also provides physical rehabilitation services for patients who remain less than 24 hours. Rehabilitation clinics shall provide at least two of the following rehabilitation services: physical therapy, occupational therapy, social, speech pathology, and audiology services. A rehabilitation clinic does not include the offices of a private physician in individual or group practice.

Notwithstanding the requirements of this subdivision, a general acute care hospital operated by the Department of Corrections and Rehabilitation or the Department of Veterans Affairs may provide surgery and anesthesia services during normal weekday working hours, and not provide these services during other hours of the weekday or on weekends or holidays, if the general acute care hospital otherwise meets the requirements of this section.

The primary need of congregate living health facility residents shall be for availability of skilled nursing care on a recurring, intermittent, extended, or continuous basis. (3) A congregate living health facility license shall specify which of the types of persons described in paragraph (2) to whom a facility is licensed to provide services.

This definition shall not apply to those areas of a law enforcement facility that houses inmates or wards who may be receiving outpatient services and are housed separately for reasons of improved access to health care, security, and protection. The health services provided by a correctional treatment center shall include, but are not limited to, all of the following basic services: physician and surgeon, psychiatrist, psychologist, nursing, pharmacy, and dietary. A correctional treatment center may provide the following services: laboratory, radiology, perinatal, and any other services approved by the department.

(3) Correctional treatment centers shall maintain written service agreements with general acute care hospitals to provide for those inmate physical health needs that cannot be met by the correctional treatment center.

(4) Physician and surgeon services shall be readily available in a correctional treatment center on a 24-hour basis.

(5) It is not the intent of the Legislature to have a correctional treatment center supplant the general acute care hospitals at the California Medical Facility, the California Men’s Colony, and the California Institution for Men. This subdivision shall not be construed to prohibit the Department of Corrections and Rehabilitation from obtaining a correctional treatment center license at these sites.

(k) “Nursing facility” means a health facility licensed pursuant to this chapter that is certified to participate as a provider of care either as a skilled nursing facility in the federal Medicare Program under Title XVIII of the federal Social Security Act (42 U.S.C. (b) (1) A health care service plan contract shall specify that the health care service plan shall provide coverage for health care services appropriately delivered through telehealth services on the same basis and to the same extent that the health care service plan is responsible for coverage for the same service through in-person diagnosis, consultation, or treatment. Coverage shall not be limited only to services delivered by select third-party corporate telehealth providers.

(2) This section does not alter the obligation of a health care service plan to ensure that enrollees have access to all covered services through an adequate network of contracted providers, as required under Sections 1367, 1367.03, and 1367.035, and the regulations promulgated thereunder.

(3) This section does not require a health care service plan to cover telehealth services provided by an out-of-network provider, unless coverage is required under other law.

(c) A health care service plan may offer a contract containing a copayment or coinsurance requirement for a health care service delivered through telehealth services, provided that the copayment or coinsurance does not exceed the copayment or coinsurance applicable if the same services were delivered through in-person diagnosis, consultation, or treatment. This subdivision does not require cost sharing for services provided through telehealth.

(d) Services provided through telehealth and covered pursuant to this chapter shall be subject to the same deductible and annual or lifetime dollar maximum as equivalent services that are not provided through telehealth.

(e) The definitions in subdivision (a) of Section 2290.5 of the Business and Professions Code apply to this section.

(f) This section shall not apply to Medi-Cal managed care plans that contract with the State Department of Health Care Services pursuant to Chapter 7 (commencing with Section 14000) of, Chapter 8 (commencing with Section 14200) of, or Chapter 8.75 (commencing with Section 14591) of, Part 3 of Division 9 of the Welfare and Institutions Code.

(g) The provisions of this section are severable. If any provision of this section or its application is held invalid, that invalidity shall not affect other provisions or applications that can be given effect without the invalid provision or application.

§ 1645 Blood Transfusions; Informed Consent Procedures

(a) Whenever there is a reasonable possibility, as determined by a physician and surgeon or doctor of podiatric medicine, that a blood transfusion may be necessary as a result of a medical or surgical procedure, the physician

and surgeon or doctor of podiatric medicine, by means of a standardized written summary as most recently developed or revised by the State Department of Public Health pursuant to subdivision (e), shall inform, either directly or through a nurse practitioner, certified nurse midwife, or a physician assistant, who is licensed in the state and authorized to order a blood transfusion, the patient of the positive and negative aspects of receiving autologous blood and directed and nondirected homologous blood from volunteers. For purposes of this section, the term "autologous blood" includes, but is not limited to, predonation, intraoperative autologous transfusion, plasmapheresis, and hemodilution.

- (b) The person who provided the patient with the standardized written summary pursuant to subdivision (a) shall note on the patient's medical record that the standardized written summary was given to the patient.
- (c) Subdivisions (a) and (b) shall not apply when medical contraindications or a life-threatening emergency exists.
- (d) When there is no life-threatening emergency and there are no medical contraindications, the physician and surgeon or doctor of podiatric medicine shall allow adequate time prior to the procedure for predonation to occur. Notwithstanding this chapter, if a patient waives allowing adequate time prior to the procedure for predonation to occur, a physician and surgeon or doctor of podiatric medicine shall not incur any liability for his or her failure to allow adequate time prior to the procedure for predonation to occur.
- (e) The State Department of Public Health shall develop and annually review, and if necessary revise, a standardized written summary which explains the advantages, disadvantages, risks, and descriptions of autologous blood, and directed and nondirected homologous blood from volunteer donors. These blood options shall include, but not be limited to, the blood options described in subdivision (a). The summary shall be written so as to be easily understood by a layperson.
- (f) The Medical Board of California shall publish the standardized written summary prepared pursuant to subdivision (e) by the State Department of Public Health and shall distribute copies thereof, upon request, to physicians and surgeons and doctors of podiatric medicine. The Medical Board of California shall make the summary available for a fee not exceeding in the aggregate the actual costs to the State Department of Public Health and the Medical Board of California for developing, updating, publishing and distributing the summary. Physicians and surgeons and doctors of podiatric medicine shall purchase the written summary from the Medical Board of California for, or purchase or otherwise receive the written summary from the Web site of the board or any other entity for, distribution to their patients as specified in subdivision (a). Clinics, health facilities, and blood collection centers may purchase the summary if they desire.
- (g) Any entity may reproduce the written summary prepared pursuant to subdivision (e) by the State Department of Public Health and distribute the written summary to physicians and surgeons and doctors of podiatric medicine.

The treating physician shall make any determination of temporary disability and shall sign the report.

(b) The provision of subdivision (a) that requires the cosignature of the treating physician applies to this section only and it is not the intent of the Legislature that the requirement apply to any other section of law or to any other statute or regulation. Nothing in this section implies that a nurse practitioner or physician assistant is a physician as defined in Section 3209.3.

Nothing in this paragraph shall be construed to modify or limit the person’s duty to report known or suspected child abuse or neglect when the person is acting in some other capacity that would otherwise make the person a mandated reporter.

(b) Except as provided in paragraph (35) of subdivision (a), volunteers of public or private organizations whose duties require direct contact with and supervision of children are not mandated reporters but are encouraged to obtain training in the identification and reporting of child abuse and neglect and are further encouraged to report known or suspected instances of child abuse or neglect to an agency specified in Section 11165.9.

(c) (1) Except as provided in subdivision (d) and paragraph (2), employers are strongly encouraged to provide their employees who are mandated reporters with training in the duties imposed by this article. (Amended by Stats. 2020, Ch. 243, Sec. 1. (AB 1963) Effective January 1, 2021.)

§ 11166 Persons Authorized or Required to Report Child Abuse—Method of Reporting

(a) Except as provided in subdivision (d), and in Section 11166.05, a mandated reporter shall make a report to an agency specified in Section 11165.9 whenever the mandated reporter, in the mandated reporter’s professional capacity or within the scope of the mandated reporter’s employment, has knowledge of or observes a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect. The mandated reporter shall make an initial report by telephone to the agency immediately or as soon as is practicably possible, and shall prepare and send, fax, or electronically transmit a written follow-up report within 36 hours of receiving the information concerning the incident. The mandated reporter may include with the report any nonprivileged documentary evidence the mandated reporter possesses relating to the incident.

(1) For purposes of this article, “reasonable suspicion” means that it is objectively reasonable for a person to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing, when appropriate, on the person’s training and experience, to suspect child abuse or neglect. “Reasonable suspicion” does not require certainty that child abuse or neglect has occurred nor does it require a specific medical indication of child abuse or neglect; any “reasonable suspicion” is sufficient. For purposes of this article, the pregnancy of a minor does not, in and of itself, constitute a basis for a reasonable suspicion of sexual abuse.

(2) The agency shall be notified and a report shall be prepared and sent, faxed, or electronically transmitted even if the child has expired, regardless of whether or not the possible abuse was a factor contributing to the death, and even if suspected child abuse was discovered during an autopsy.

(3) A report made by a mandated reporter pursuant to this section shall be known as a mandated report.

(b) If, after reasonable efforts, a mandated reporter is unable to submit an initial report by telephone, the mandated reporter shall immediately or as soon as is practicably possible, by fax or electronic transmission, make a one-time automated written report on the form prescribed by the Department of Justice, and shall also be available to respond to a telephone follow-up call by the agency with which the mandated reporter filed the report. A mandated reporter who files a one-time automated written report because the mandated reporter was unable to submit an initial report by telephone is not required to submit a written follow-up report.

(1) The one-time automated written report form prescribed by the Department of Justice shall be clearly identifiable so that it is not mistaken for a standard written follow-up report. In addition, the automated one-time report shall contain a section that allows the mandated reporter to state the reason the initial telephone call was not able to be completed. The reason for the submission of the one-time automated written report in lieu of the procedure prescribed in subdivision (a) shall be captured in the statewide child welfare information system. The department shall work with stakeholders to modify reporting forms and the statewide child welfare information system as is necessary to accommodate the changes enacted by these provisions.

(2) This subdivision shall not become operative until the statewide child welfare information system is updated to capture the information prescribed in this subdivision.

(3) This subdivision shall become inoperative three years after this subdivision becomes operative or on January 1, 2009, whichever occurs first.

(4) This section does not supersede the requirement that a mandated reporter first attempt to make a report via telephone, or that agencies specified in Section 11165.9 accept reports from mandated reporters and other persons as required.

(c) A mandated reporter who fails to report an incident of known or reasonably suspected child abuse or neglect as required by this section is guilty of a misdemeanor punishable by up to six months confinement in a county jail or by a fine of one thousand dollars (\$1,000) or by both that imprisonment and fine. If a mandated reporter intentionally conceals the mandated reporter’s failure to report an incident known by the mandated reporter to be abuse or severe neglect under this section, the failure to report is a continuing offense until an agency specified in Section 11165.9 discovers the offense.

(d) (1) A clergy member who acquires knowledge or a reasonable suspicion of child abuse or neglect during a penitential communication is not subject to subdivision (a). For the purposes of this subdivision, “penitential communication” means a communication, intended to be in confidence, including, but not limited to, a sacramental confession, made to a clergy member who, in the course of the discipline or practice of the clergy member’s church, denomination, or organization, is authorized or accustomed to hear those communications, and under the discipline, tenets, customs, or practices of the clergy member’s church, denomination, or organization, has a duty to keep those communications secret.

(2) This subdivision does not modify or limit a clergy member’s duty to report known or suspected child abuse or neglect when the clergy member is acting in some other capacity that would otherwise make the clergy member a mandated reporter.

(3) (A) On or before January 1, 2004, a clergy member or any custodian of records for the clergy member may report to an agency specified in Section 11165.9 that the clergy member or any custodian of records for the clergy member, prior to January 1, 1997, in the clergy member’s professional capacity or within the scope of the clergy member’s employment, other than during a penitential communication, acquired knowledge or had a reasonable suspicion that a child had been the victim of sexual abuse and that the clergy member or any custodian of records for the clergy member did not previously report the abuse to an agency specified in Section 11165.9. The provisions of Section 11172 shall apply to all reports made pursuant to this paragraph.

(B) This paragraph shall apply even if the victim of the known or suspected abuse has reached the age of majority by the time the required report is made.

(C) The local law enforcement agency shall have jurisdiction to investigate any report of child abuse made pursuant to this paragraph even if the report is made after the victim has reached the age of majority.

(e) (1) A commercial film, photographic print, or image processor who has knowledge of or observes, within the scope of that person’s professional capacity or employment, any film, photograph, videotape, negative, slide, or any representation of information, data, or an image, including, but not limited to, any film, filmstrip, photograph, negative, slide, photocopy, videotape, video laser disc, computer hardware, computer software, computer floppy disk, data storage medium, CD-ROM, computer-generated equipment, or computer-generated image depicting a child under 16 years of age engaged in an act of sexual conduct, shall, immediately or as soon as practicably possible, telephonically report the instance of suspected abuse to the law enforcement agency located in the county in which the images are seen. Within 36 hours of receiving the information concerning the incident, the reporter shall prepare and send, fax, or electronically transmit a written follow-up report of the incident with a copy of the image or material attached.

(2) A commercial computer technician who has knowledge of or observes, within the scope of the technician’s professional capacity or employment, any representation of information, data, or an image, including, but not limited to, any computer hardware, computer software, computer file, computer floppy disk, data storage medium, CD-ROM, computer-generated equipment, or computer-generated image that is retrievable in perceivable form and that is intentionally saved, transmitted, or organized on an electronic medium, depicting a child under 16 years of age engaged in an act of sexual conduct, shall immediately, or as soon as practicably possible, telephonically report the instance of suspected abuse to the law enforcement agency located in the county in which the images or materials are seen. As soon as practicably possible after receiving the information concerning the incident, the reporter shall prepare and send, fax, or electronically transmit a written follow-up report of the incident with a brief description of the images or materials.

(3) For purposes of this article, “commercial computer technician” includes an employee designated by an employer to receive reports pursuant to an established reporting process authorized by subparagraph (B) of paragraph (43) of subdivision (a) of Section 11165.7.

(4) As used in this subdivision, “electronic medium” includes, but is not limited to, a recording, CD-ROM, magnetic disk memory, magnetic tape memory, CD, DVD, thumb drive, or any other computer hardware or media.

(5) As used in this subdivision, “sexual conduct” means any of the following:

(A) Sexual intercourse, including genital-genital, oral-genital, anal-genital, or oral-anal, whether between persons of the same or opposite sex or between humans and animals.

- (B) Penetration of the vagina or rectum by any object.
- (C) Masturbation for the purpose of sexual stimulation of the viewer.
- (D) Sadoomasochistic abuse for the purpose of sexual stimulation of the viewer.
- (E) Exhibition of the genitals, pubic, or rectal areas of a person for the purpose of sexual stimulation of the viewer.
- (f) Any mandated reporter who knows or reasonably suspects that the home or institution in which a child resides is unsuitable for the child because of abuse or neglect of the child shall bring the condition to the attention of the agency to which, and at the same time as, the mandated reporter makes a report of the abuse or neglect pursuant to subdivision (a).
- (g) Any other person who has knowledge of or observes a child whom the person knows or reasonably suspects has been a victim of child abuse or neglect may report the known or suspected instance of child abuse or neglect to an agency specified in Section 11165.9. For purposes of this section, “any other person” includes a mandated reporter who acts in the person’s private capacity and not in the person’s professional capacity or within the scope of the person’s employment.
- (h) When two or more persons, who are required to report, jointly have knowledge of a known or suspected instance of child abuse or neglect, and when there is agreement among them, the telephone report may be made by a member of the team selected by mutual agreement and a single report may be made and signed by the selected member of the reporting team. Any member who has knowledge that the member designated to report has failed to do so shall thereafter make the report.
- (i) (1) The reporting duties under this section are individual, and no supervisor or administrator may impede or inhibit the reporting duties, and no person making a report shall be subject to any sanction for making the report. However, internal procedures to facilitate reporting and apprise supervisors and administrators of reports may be established provided that they are not inconsistent with this article. An internal policy shall not direct an employee to allow the employee’s supervisor to file or process a mandated report under any circumstances.
(2) The internal procedures shall not require any employee required to make reports pursuant to this article to disclose the employee’s identity to the employer.
(3) Reporting the information regarding a case of possible child abuse or neglect to an employer, supervisor, school principal, school counselor, coworker, or other person shall not be a substitute for making a mandated report to an agency specified in Section 11165.9.
- (j) (1) A county probation or welfare department shall immediately, or as soon as practicably possible, report by telephone, fax, or electronic transmission to the law enforcement agency having jurisdiction over the case, to the agency given the responsibility for investigation of cases under Section 300 of the Welfare and Institutions Code, and to the district attorney’s office every known or suspected instance of child abuse or neglect, as defined in Section 11165.6, except acts or omissions coming within subdivision (b) of Section 11165.2, or reports made pursuant to Section 11165.13 based on risk to a child that relates solely to the inability of the parent to provide the child with regular care due to the parent’s substance abuse, which shall be reported only to the county welfare or probation department. A county probation or welfare department also shall send, fax, or electronically transmit a written report thereof within 36 hours of receiving the information concerning the incident to any agency to which it makes a telephone report under this subdivision.

A law enforcement agency shall report to the county welfare or probation department every known or suspected instance of child abuse or neglect reported to it that is alleged to have occurred as a result of the action of a person responsible for the child's welfare, or as the result of the failure of a person responsible for the child's welfare to adequately protect the minor from abuse when the person responsible for the child's welfare knew or reasonably should have known that the minor was in danger of abuse. § 13823.5 Medical Evidentiary Examinations for Sexual Assault

(a) The Office of Emergency Services, with the assistance of the advisory committee established pursuant to Section 13836, shall establish a protocol for the examination and treatment of victims of sexual assault and attempted sexual assault, including child sexual abuse, and the collection and preservation of evidence therefrom. The protocol shall contain recommended methods for meeting the standards specified in Section 13823.11.

(b) (1) In addition to the protocol, the Office of Emergency Services shall develop informational guidelines, containing general reference information on evidence collection and examination of, and psychological and medical treatment for, victims of sexual assault and attempted sexual assault, including child sexual abuse.

(2) In developing the protocol and the informational guidelines, the Office of Emergency Services and the advisory committee shall seek the assistance and guidance of organizations assisting victims of sexual assault; qualified health care professionals, sexual assault forensic examiners, criminalists, and administrators who are familiar with emergency room procedures; victims of sexual assault; and law enforcement officials.

(c) (1) The Office of Emergency Services, in cooperation with the State Department of Public Health and the Department of Justice, shall adopt a standard and a complete form or forms for the recording of medical and physical evidence data disclosed by a victim of sexual assault or attempted sexual assault, including child sexual abuse. The form may be issued as a paper version, as an electronic version, or as both the paper and electronic versions. Electronic forms may include links to the California Victim Compensation Board to help patients apply for victim compensation.

(2) Each qualified health care professional who conducts an examination for evidence of a sexual assault or an attempted sexual assault, including child sexual abuse, shall use the standard form or forms adopted pursuant to this section, and shall make those observations and perform those tests as may be required for recording of the data required by the form. The forms shall be subject to the same principles of confidentiality applicable to other medical records.

(3) The Office of Emergency Services shall make the standard form or forms available to every public or private general acute care hospital, as requested.

(4) The standard form shall be used to satisfy the reporting requirements specified in Sections 11160 and 11161 in cases of sexual assault, and may be used in lieu of the form specified in Section 11168 for reports of child abuse.

(d) The Office of Emergency Services shall distribute copies of the protocol and the informational guidelines to every general acute care hospital, law enforcement agency, and prosecutor's office in the state.

(e) For the purposes of this chapter, the following definitions apply:

(Amended by Stats. 2024, Ch. 113, Sec. 1. (AB 2730) Effective January 1, 2025.)

§ 14235 Medical and Health Provider Firearms Education and Training

The Legislature finds and declares all of the following:

(a) California experiences unacceptably high rates of firearm-related death and injury. The Centers for Disease Control and Prevention reported 3,184 gun-related deaths in California in 2017: 1,610 suicides, 1,435 homicides, 86 deaths by legal intervention, 38 unintentional deaths, and 15 deaths of undetermined type.

(b) Mass shootings are changing the character of public life in the state. Since 1982, California has experienced 19 mass shootings, resulting in 137 total deaths. On November 11, 2018, a mass shooting at a nightclub in Thousand Oaks, California, resulted in 12 deaths.

(c) In 2010, the estimated cost of hospital and emergency department care for firearm-related injuries in California was one hundred twelve million dollars (\$112,000,000), with Medi-Cal and other government payers responsible for 64 percent of those costs. These high costs occur even though most people who die from firearm-related injuries do so at the scene of the shooting and receive no medical care for their injuries.

(d) Medical costs are only a small proportion (approximately 2 percent) of total societal costs, which are driven primarily by losses in productivity and quality of life.

(e) Medical and mental health care providers are uniquely positioned to help prevent all forms of firearm-related harm. Through the course of their regular patient care, they have opportunities to identify people at risk for such harm, provide evidence-based counseling on risk reduction, and intervene in situations of imminent risk.

(f) On October 30, 2018, the American College of Physicians published an updated position paper with recommendations for reducing firearm injuries and deaths in the United States that "recommends a public health approach to firearms-related violence and the prevention of firearm injuries and deaths" and encourages physicians to "discuss with their patients the risks that may be associated with having a firearm in the home and recommend ways to mitigate such risks."

(g) Other organizations that have published statements identifying firearm-related harm as a health problem and recommending that medical and mental health professionals engage in efforts to prevent firearm-related harm as an element of their professional practice include the American Medical Association, the American Academy of Pediatrics, the American Academy of Family Physicians, the American College of Emergency Physicians, the American College of Surgeons, and the American Association of Suicidology.

(h) While many medical and mental health care providers recognize their responsibility to help prevent firearm-related injury and death, many cite lack of knowledge regarding when and how to counsel patients as a principal barrier to action. A position statement adopted by the California Medical Association Board of Trustees on July 28, 2017, states that "expanded education and training are needed to improve clinician familiarity with the benefits and risks of firearm ownership, safety practices, and communication with patients about firearm violence." The position statement further states that "medical schools and residency programs should incorporate firearm violence prevention into their academic curricula" and "California-specific resources such as continuing medical education modules, toolkits, patient education handouts, and clinical intervention information would help to address this practice gap."

(i) Having assembled a team of experts in firearm-related death and injury, and specifically in provider and patient education to prevent firearm-related harm, the University of California Firearm Violence Research Center at UC Davis is uniquely qualified to research, develop, implement, and evaluate education and training programs for medical and mental health care providers on preventing firearm-related death and injury.

(Added by Stats. 2019, Ch. 728, § 3 (AB 521), eff. January 1, 2020.)

§ 14236 Medical and Health Provider Firearms Education and Training Programs

(a) The California Firearm Violence Research Center at UC Davis shall develop multifaceted education and training programs for medical and mental health providers on the prevention of firearm-related injury and death.

(b) The center shall develop education and training programs that address all of the following:

(1) The epidemiology of firearm-related injury and death, including the scope of the problem in California and nationwide, individual and societal determinants of risk, and effective prevention strategies for all types of firearm-related injury and death, including suicide, homicide, and unintentional injury and death.

(2) The role of health care providers in preventing firearm-related harm, including how to assess individual patients for risk of firearm-related injury and death.

(3) Best practices for conversations about firearm ownership, access, and storage.

(4) Appropriate tools for practitioner intervention with patients at risk for firearm-related injury or death, including, but not limited to, education on safer storage practices, gun violence restraining orders, and mental health interventions.

(5) Relevant laws and policies related to prevention of firearm-related injury and death and to the role of health care providers in preventing firearm-related harm.

(c) The center shall launch a comprehensive dissemination program to promote participation in these education and training programs among practicing physicians, mental health care professionals, physician assistants, nurse practitioners, nurses, health professional students, and other relevant professional groups in the state.

(d) The center shall develop curricular materials for medical and mental health care practitioners in practice and in training, tailored to the profession and suitable for use through a variety of methods. Educators from the center shall provide didactic education in person and by remote link at medical education institutions, and recruit and train additional health professionals to provide such education.

(e) The center shall develop education and training resources on firearm-related injury and death, including but not limited to, continuing medical education videos, additional training modules, a website with current information on relevant research and legislation, and handouts and written materials for clinicians to provide to patients. The center shall serve as a resource for the many professional and educational organizations in the state whose members seek to advance their knowledge of firearm-related injury and death and effective prevention measures.

(f) The center shall conduct rigorous research to further identify specific gaps in knowledge and structural barriers that prevent counseling and other interventions, and to evaluate the education and training program. The center shall incorporate the research findings into the design and implementation of the program to support the mission of the center to deliver content to health care providers and patients that is effective in guiding clinical decisions and reducing firearm-related injury and death.

§ 14132.966 The Medi-Cal Benefits Program

(a) Services provided by a physician assistant are a covered benefit under this chapter to the extent authorized by federal law and subject to utilization controls.

(b) Subject to subdivision (a), all services performed by a physician assistant within his or her scope of practice that would be a covered benefit if performed by a physician and surgeon shall be a covered benefit under this chapter.

(c) The department shall not impose chart review, countersignature, or other conditions of coverage or payment on a physician and surgeon supervising physician assistants that are more stringent than requirements imposed by Chapter 7.7 (commencing with Section 3500) of Division 2 of the Business and Professions Code or regulations of the Medical Board of California promulgated under that chapter.

Excerpts from the Unemployment Insurance Code

§ 2708 Filing, Determination and Payment of Disability Benefit Claims

(a)(1) In accordance with the director's authorized regulations, and except as provided in subdivision (c) and Sections 2708.1 and 2709, a claimant shall establish medical eligibility for each uninterrupted period of disability by filing a first claim for disability benefits supported by the certificate of a treating physician or practitioner that establishes the sickness, injury, or pregnancy of the employee, or the condition of the family member that warrants the care of the employee. For subsequent periods of uninterrupted disability after the period covered by the initial certificate or any preceding continued claim, a claimant shall file a continued claim for those benefits supported by the certificate of a treating physician or practitioner. A certificate filed to establish medical eligibility for the employee's own sickness, injury, or pregnancy shall contain a diagnosis and diagnostic code prescribed in the International Classification of Diseases, or, if no diagnosis has yet been obtained, a detailed statement of symptoms.

(2) A certificate filed to establish medical eligibility of the employee's own sickness, injury, or pregnancy shall also contain a statement of medical facts, including secondary diagnoses when applicable, within the physician's or practitioner's knowledge, based on a physical examination and a documented medical history of the claimant by the physician or practitioner, indicating the physician's or practitioner's conclusion as to the claimant's disability, and a statement of the physician's or practitioner's opinion as to the expected duration of the disability.

(b) An employee shall be required to file a certificate to establish eligibility when taking leave to care for a family member with a serious health condition. The certificate shall be developed by the department. In order to establish medical eligibility of the serious health condition of the family member that warrants the care of the employee, the information shall be within the physician's or practitioner's knowledge and shall be based on a physical examination and documented medical history of the family member and shall contain all of the following:

(1) A diagnosis and diagnostic code prescribed in the International Classification of Diseases, or, if no diagnosis has yet been obtained, a detailed statement of symptoms.

- (2) The date, if known, on which the condition commenced.
- (3) The probable duration of the condition.
- (4) An estimate of the amount of time that the physician or practitioner believes the employee needs to care for the child, parent, grandparent, grandchild, sibling, spouse, or domestic partner.
- (5)(A) A statement that the serious health condition warrants the participation of the employee to provide care for his or her child, parent, grandparent, grandchild, sibling, spouse, or domestic partner.
- (B) "Warrants the participation of the employee" includes, but is not limited to, providing psychological comfort, and arranging "third party" care for the child, parent, grandparent, grandchild, sibling, spouse, or domestic partner, as well as directly providing, or participating in, the medical care.
- (c) The department shall develop a certification form for bonding that is separate and distinct from the certificate required in subdivision (a) for an employee taking leave to bond with a minor child within the first year of the child's birth or placement in connection with foster care or adoption.
- (d) The first and any continuing claim of an individual who obtains care and treatment outside this state shall be supported by a certificate of a treating physician or practitioner duly licensed or certified by the state or foreign country in which the claimant is receiving the care and treatment. If a physician or practitioner licensed by and practicing in a foreign country is under investigation by the department for filing false claims and the department does not have legal remedies to conduct a criminal investigation or prosecution in that country, the department may suspend the processing of all further certifications until the physician or practitioner fully cooperates, and continues to cooperate, with the investigation. A physician or practitioner licensed by, and practicing in, a foreign country who has been convicted of filing false claims with the department may not file a certificate in support of a claim for disability benefits for a period of five years.
- (e) For purposes of this part:
 - (1) "Physician" has the same meaning as defined in Section 3209.3 of the Labor Code.
 - (2)(A) "Practitioner" means a person duly licensed or certified in California acting within the scope of his or her license or certification who is a dentist, podiatrist, or a nurse practitioner, and in the case of a nurse practitioner, after performance of a physical examination by a nurse practitioner and collaboration with a physician and surgeon, or as to normal pregnancy or childbirth, a midwife or nurse midwife, or nurse practitioner.
 - (B) "Practitioner" also means a physician assistant who has performed a physical examination under the supervision of a physician and surgeon. Funds appropriated to cover the costs required to implement this subparagraph shall come from the Unemployment Compensation Disability Fund. This subparagraph shall be implemented on or before January 1, 2017.
- (f) For a claimant who is hospitalized in or under the authority of a county hospital in this state, a certificate of initial and continuing medical disability, if any, shall satisfy the requirements of this section if the disability is shown by the claimant's hospital chart, and the certificate is signed by the hospital's registrar. For a claimant hospitalized in or under the care of a medical facility of the United States government, a certificate of initial and continuing medical disability, if any, shall satisfy the requirements of this section if the disability is shown by the claimant's hospital chart, and the certificate is signed by a medical officer of the facility duly authorized to do so.
- (g) Nothing in this section shall be construed to preclude the department from requesting additional medical evidence to supplement the first or any continued claim if the additional evidence can be procured without additional cost to the claimant. The department may require that the additional evidence include any or all of the following:
 - (1) Identification of diagnoses.
 - (2) Identification of symptoms.
 - (3) A statement setting forth the facts of the claimant's disability. The statement shall be completed by any of the following individuals:

- (A) The physician or practitioner treating the claimant.
- (B) The registrar, authorized medical officer, or other duly authorized official of the hospital or health facility treating the claimant.
- (C) An examining physician or other representative of the department.
- (h) This section shall become operative on July 1, 2014.

(Amended (as added by Stats. 2013, § 2 Ch. 350, § 2) by Stats. 2014, Ch. 438, § 2 (SB 1083), eff. January 1, 2015.)

- (2) Identify and develop specific requirements and qualifications for entry into “earn and learn” job training models.
- (3) Establish standards for “earn and learn” job training programs that are outcome oriented and accountable. - (4) Develop means to identify, assess, and prepare a pool of qualified candidates seeking to enter “earn and learn” job training models.

(b) (1) The board, on or before December 1, 2015, shall prepare and submit to the appropriate policy committees of the Legislature a report on the findings and recommendations of the board.

(2) The requirement for submitting a report imposed pursuant to this subdivision is inoperative on January 1, 2019, pursuant to Section 10231.5 of the Government Code.

(c) (1) The Department of Consumer Affairs shall engage in a stakeholder process to update policies and remove barriers to facilitate the development of earn and learn training programs in the allied health professions, including barriers identified in the report prepared by the board pursuant to subdivision (b), entitled Expanding Earn and Learn Models in the California Health Care Industry. The stakeholder process shall include all of the following:

(A) The department convening allied health workforce stakeholders, which shall include, but are not limited to, the department’s relevant licensure boards, the Division of Apprenticeship Standards, representatives appointed by the board of governors from the California community college system, the California Workforce Development Board, and the State Department of Public Health, and which may include other relevant entities such as the Office of Statewide Health Planning and Development, employer and worker representatives, and community-based organizations.

(B) Addressing issues that include, but are not limited to, prelicensure classifications in allied health occupations that would allow students, in a supervised setting, to gain experience in their chosen field before obtaining licensure, and the payment of wages while in a workplace-based training program.

(C) The department ensuring that existing standards of consumer protection are maintained.

(D) Sharing any statutory barriers identified through this process with the relevant committees of the Legislature.

(2) The process described in paragraph (1) shall be completed by, and this subdivision shall be inoperative on, January 1, 2020.

(Amended by Stats. 2021, Ch. 78, Sec. 17 (AB 138) Effective July 16, 2021. See conditional termination clause in Section 14007.)
